JUDICIAL DEPARTMENT.

BOOK CIRCULAR,—No. XXIII.-3316.

FROM

T. W. SMYTH, ESQUIRE,
Registrar of the Chief Court of the Punjab,

To

ALL COMMISSIONERS, DEPUTY COMMISSIONERS, AND JUDGES OF SMALL CAUSE COURTS IN THE PUNJAB.

Dated Lahore, 22nd December, 1869.

Chief Court of the Punjab.

Present:
C. Boulnois, Esquire,
D. Simson, Esquire,
C. R. Lindsay, Esquire, } *Judges.*

The Chief Court has had under consideration the returns to their Circular No. 16, dated 21st May last, calling for a list of Registers in use in the different Courts of the Punjab. From these it appears that the Registers at present kept up vary considerably in form and in number and in no two districts in the Province are the registers alike. As it is a matter of importance that there should be uniformity in this respect, the Court is pleased to prescribe, with the sanction of the Hon'ble the Lieutenant-Governor, the following revised forms of Registers for adoption in the Subordinate Civil Courts.

2. The Registers should be opened from the 1st January, 1870, and no change or modification should be made in their form without the previous sanction of the Chief Court. It is not meant by this to prohibit suggestions for the improvement of the Registers whenever such is considered necessary. Every endeavour has been made to make the Register as complete and at the same time as simple as possible, but mistakes and omissions may have occurred and the Court will be glad if they are brought to notice so that they may be corrected.

3. The Courts in which each Register is to be kept, the official by whom to be kept, and instructions as to how they are to be kept, are set forth in the annexed tabular statement.

4. Several Registers may be opened in different parts of the same book where the entries are not likely to be numerous ; or, if the head of the office prefer to use a separate book for each Register, the entries of several years may be made in the same book, using fresh serial numbers for each year.

5. The Registers to be kept by Honorary Civil Judges should, as far as practicable, be the same as those prescribed for Tehsildars. Deputy Commissioners should supply them with books ready prepared and indexed with reference to the total amount of business likely to come before them, so that these Honorary Officers may have as little trouble as posssible.

By order of the Chief Court,
T. W. SMYTH,
Registrar.

The 11th January, 1870.
NOTIFICATION.

The Governor General in Council is

pleased to direct the publication of the following Advertisement :—

Advertisement.

1. THE Government of India, after communication with various Agricultural and Horticultural Societies in India, and with persons interested in the subject, has arrived at the conclusion that the only real obstacle to the development of an extensive trade in the fibre of Rheea, or China Grass, is the want of suitable machinery for separating the fibre and bark from the stem, and the fibre from the bark, the cost of effecting such separation by manual labour being great.

2. The demand for the fibre is now large, and no doubt might be extended with reduced prices, and there is a practically unlimited extent of country in India where the plant could be grown.

3. The requirements of the case appear to be some machinery or process capable of producing, with the aid of animal, water, or steam-power, a ton of fibre of a quality which shall average in value not less than £50 per ton in the English market, at a total cost, all processes of manufacture and allowance for wear and tear included, of not more than £15 per ton. The said processes are to be understood to include all the operations performed, after the cutting and transport of the plant to the place of manufacture, to the completion of the manufacture of fibre of the quality above described. The machinery must be simple, strong, durable, and cheap, and should be suited for erection at or near the plantations, as the refuse is very useful as manure for continued cultivation.

4. To stimulate the invention or adaptation of such machinery or process, the Government of India hereby offers a prize of £5,000 for the machine and process that best fulfils all the requirements named above.

5. Rewards of moderate amount will be given for really meritorious inventions, even though failing to meet entirely all the conditions named.

6. Arrangements will be made by the Government of India for the supply of carefully dried stems, and specimens of fibre separated from the bark, but subjected to no other process, to mechanical firms and others desirous of competing, on application to the Secretary to the Government of India in the Home Department.

7. All machinery, &c., must be brought by the competitors at their own charge to a locality which will be notified hereafter, probably in the North-West Provinces or the Punjab, and there worked under the supervision of their own representatives for a sufficient time to enable the judges appointed by Government to determine whether all the conditions named have been complied with. The prize machine is to be transferred, if required, to Government at 5 per cent. above cost price; the patent right in any such machine to be also transferred, if required, to Government, on the latter securing to the patentee a royalty of 5 per cent. on the cost price of all machines manufactured under the patent during its currency.

8. One year from the date of this advertisement will be allowed for the preparation of the machines, and their transport to the locality named for the competition; and the trials will then be made, and the decision of the judges announced. If no invention of sufficient merit is received in the above named period to obtain the prize offered, the Government will continue to allow machines to be tendered for trial till the end of two years from the same date, after which, or on the award of the prize, the offers herein made will be withdrawn.

Pensions and Gratuities.

The 11th January, 1870.

No. 174.—RESOLUTION.—It is provided in paragraph 4 of the Uncovenanted Service Pension Rules of the 13th April, 1864, that applicants for superannuation allowance must be examined by the Principal Inspector General of the Medical Department, if serving at the Presidency, or by a Military Invaliding Committee, if serving elsewhere within a moderate distance of a station at which a Military Invaliding Committee is periodically assembled. This provision does not meet the cases of Uncovenanted Servants who apply for pension or gratuity while on

leave in England; and in regard to these the Governor General in Council is pleased to rule that they shall appear for examination before the Medical Board of the India Office, which sits every week. Any application for superannuation allowance supported by a medical certificate other than from that Board will not be attended to.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*, and that copies be furnished to the several Departments of the Government of India; the various local Governments and Administrations; the Head Commissioner of Paper Currency; the Mint Master, Calcutta; the Director General of the Post Office of India; the Comptroller General of Accounts, and the several local Officers of Account in independent charge.

No. 182.

Extract from a Despatch from the Government of India, Financial Department, addressed to the Right Hon'ble the Secretary of State for India, No. 31, dated 5th February, 1868.

PARA. 3.—In connection with the application of Mr. ———, the Government of Bengal observes that "there is no apparent ground for limiting the indulgence granted by the orders of the Secretary of State, dated 9th February, 1864, to the case of servants whose average salary during the last five years of service may have exceeded Rs. 10,000. All Uncovenanted Servants who have served with extraordinary merit might be very properly allowed to draw pensions with no limit but the half of their average salaries."

4. On this point we beg to remark that, under the orders contained in the Financial Despatch of the Secretary of State, dated 9th February, 1864, No. 20, Uncovenanted Servants appointed before the 19th May, 1855, and promoted prior to the 6th August, 1862, to offices to which salaries exceeding Rs. 10,000 per annum are attached, may, if their average salaries exceed that amount, be allowed a pension of Rs. 5,000 per annum in cases of approved services of an ordinary character, and of a pension exceeding that amount in cases of "extraordinary merit," so that the orders in question recognize the claim to a pension of Rs. 5,000 per annum, or one-half of salary, on the part of an Uncovenanted Servant whose average salary for the last five years of service is Rs. 10,000 per annum. This being so, we see no objection to allowing Uncovenanted Servants with salaries of less than Rs. 10,000 per annum, who were appointed before the 19th May, 1855, one-third or half-pay pension, irrespective of the limits laid down in the Pension Rules, which may be restricted to the cases of Uncovenanted Servants appointed after the 19th May, 1855.

FINANCIAL. INDIA OFFICE;
No. 400. *London, 18th November*, 1869.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,—PARA. 1.—I have considered in Council your Financial letter dated the 19th August, 1869, No. 206, in which, with reference to my despatch of the 24th June last, No. 220, regarding the Uncovenanted Service Pension Rules, you draw my attention to your Financial letter of the 5th February, 1868, and to Sir Stafford Northcote's reply of 30th April, 1868, wherein a decision on your recommendation to allow Uncovenanted Servants with salaries of less than Rs. 10,000 per annum, who were appointed before the 19th May, 1855, one-third or half-pay pension, irrespective of the Rules of 1864, was postponed, pending a decision on the general question of a graduated scale of pension.

2. The letter of the 18th September, 1868, in which you transmitted a proposal for the establishment of a graduated scale of pensions for Uncovenanted Servants, had reference to the general body of Uncovenanted Servants—it was not limited to those above Rs. 10,000 per annum, nor to those who entered the service subsequently to May, 1855; and, on the grounds stated in my despatch of the 26th January last, I informed you that I saw no reason to doubt that the existing scale of retiring pensions for Uncovenanted Servants was sufficiently liberal, and that I must decline to sanction the changes proposed.

3. It did not appear to me that there was any ground for excepting Uncovenanted Servants with salaries of less than Rs. 10,000 per annum from the rules applicable to Uncovenanted Servants with salaries exceeding that amount.

4. If in any particular case of a servant whose salary is less than Rs. 10,000 you should consider that unusually meritorious service calls for a relaxation of the restriction contained in the Rules, I should be prepared to consider any recommendation you might make for the grant of a special pension, as already allowed in regard to servants with higher salaries; but I cannot sanction any general alteration of the Rules regarding servants whose salaries do not exceed Rs. 10,000 per annum.—I have &c., ARGYLL.

ORDERED, that the above be published in the *Gazette of India* for general information.

S., and Baden Powell, C. S., will be published in JUNE next. The first number will contain an account of the district of AMBALA, and will be followed from time to time by Gazetteers of the remaining districts of the Punjab (32 in number) in alphabetical order. A limited number of copies will be issued, with photographs of some of the principal buildings or places of note.

The account of each district will contain—

T. H. THORNTON,
Secy. to Govt., Punjab.

Notice.

The publication of the first number of the *Panjâb Gazetteer* has been, from unavoidable causes, delayed. It will be published as quickly as possible. It has been found necessary to abandon the idea of bringing out the districts in alphabetical order, for very few reports have yet been received, and many of these are exceedingly imperfect. The arrangement of the numbers will, however, allow of their being bound up alphabetically, if so desired.

Deputy Commissioners are requested to kindly expedite the despatch of their reports, which should be written on one side of the page only.

Leave and Allowances.

No. 379.

Fort William, the 18th January, 1870.

From the Secretary of State for India, to the Government of India,—(No. 401, dated 25th November, 1869.)

I have considered in Council your Financial letters, dated the 7th May and 30th June last, Nos. 104 and 160, relative to alterations in the form of leave and pay certificates issued to officers proceeding to Europe, and your Financial letter, dated the 22nd June last, No. 152, requesting to be furnished with quarterly lists of payments made in England to all officers absent on leave from appointments in India, if it should appear from their last pay certificates that their absentee allowances are payable from any source other than the general revenues of India.

2. With reference to the new form of certificate, I have to observe that, in the case of Military Officers in Civil employ, the rate of allowance should be given in rupees per mensem, instead of in pounds sterling per annum, as is frequently done ; and the Presidency to which an officer belongs, as distinguished from that in which he is employed, should be stated, as it is the practice to charge the furlough pay to the former. The term " Indian Revenues " should be used in filling up line 9 of the certificate, instead of " Imperial Revenues," the latter term being generally employed in this country to distinguish British from Indian Revenues, and, when the allowance is not chargeable finally to the Government of India, the Local Administration or Fund from which it is recoverable must be expressly stated.

3. I have also to request that the attention of the various Accountants General may be called to Rule 17 of the Military and Rule 10 of the Civil Furlough Rules, which prescribe that the furlough is to commence from the day of embarkation, *i. e.*, inclusive, and not on the day after,—a mistake not unfrequently made at Bombay.

4. With reference to the statement forwarded herewith, showing payments made in England between the 1st May, 1867, and the 30th June, 1869, to all officers absent on leave from appointments in India and to pensioners whose allowances are payable from any source other than the general revenues of India, I have to acquaint you that similar returns will be transmitted quarterly, and to request that, in order to facilitate their preparation, you will direct that care may be taken that in the lists forwarded by your Government there shall be no variation as regards the district or account chargeable.

From the Government of India to the Secretary of State for India,—(No. 23, dated 18th January, 1870.)

MY LORD DUKE,—We have the honor to acknowledge the receipt of your despatch No. 401, dated 25th November, 1869, relative to the leave and pay certificates issued to officers proceeding to Europe, and, with reference to the 2nd para. thereof, to observe that the title of the last pay certificate shows the Presidency to which a Military Officer in Civil employ belongs, while the

first line shows the Presidency or Province in which he is employed.

2. We beg also to state, with reference to the concluding portion of the 4th para. of your despatch, that the lists which we prescribed on receipt of the Secretary of State's despatch No. 366, dated 24th October, 1867, have been discontinued under Financial* Resolution No. 1482, dated the 22nd June, 1869; and, as every officer's last pay or pension certificate will show the source from which his absentee allowance or pension is payable, there is apparently no necessity for our submitting quarterly lists of absentee allowances or pensions chargeable to other than the general revenues of India.

*Vide Financial dispatch to Secretary of State, No. 152, dated 22nd June, 1869.

ORDERED, that the above despatch, and the one to which it is a reply, be published in the *Gazette of India*, and communicated to the Foreign, Home, Military, and Public Works Departments; the Governments of Bengal, Madras, Bombay, the North-Western Provinces, and the Punjab; the Comptroller General of Accounts; the Director General of the Post Office in India; Mint Master, Calcutta; Head Commissioner of Paper Currency; and to the several Accountants General and Deputy Accountants General in independent charge.

MILITARY. INDIA OFFICE ;
No. 372. *London, 14th December*, 1869.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,—PARA. 1.—I have had under my consideration in Council your Lordship's letter dated the 26th of August, 1869, No. 289, recommending the grant of the India medal to the troops employed in the Bhootan war of 1864 to 1866, and the Hazara Campaign of 1868.

2. Her Majesty's Government fully concur in the encomiums passed by your Lordship on the spirit and gallantry displayed by the troops employed on these occasions, in operations which were frequently of a peculiarly arduous and harassing nature, involving much privation, and calling for the display of great endurance, skill, and courage.

3. I have much pleasure, therefore, in conveying to your Lordship the information that Her Majesty has been graciously pleased to sanction the proposal, and to command that it be carried into effect.

4. The India medal of 1854, with a bar of "Bhootan," will be conferred on all the Officers, Non-Commissioned Officers, and men who served in any part of the operations in that war, and formed part of the force in position before the enemy, whether in reserve or not, those who have already been granted the medal receiving the bar only on this occasion.

5. In the case of the Hazara Campaign, the medal, with a clasp for the "North-West Frontier," will be conferred on those who actually took part in the advance under Major-General Wilde, including the force under the command of Colonel Rothney, which was previously engaged with the enemy at Oghee, but it will not be granted to the troops that remained in support and observation at Abbottabad, Nowshera, or Derbund. Those to whom the medal has already been awarded will now receive the clasp alone, and those who have already obtained the "North-West Frontier" clasp will not receive any further decoration on account of the Hazara Campaign.

6. A copy of the correspondence which has taken place with the War Office is transmitted

Superintendent of the Hindustani Class, Raheem Khan.

Lecturer on Surgery and Anatomy to Hindustani Class, Brij Lall Ghose.

Resident House Surgeon of the Hospital, Chany Mal.

The Students are of two kinds, Government and Local. Of these, some belong to the 1st or English Class, and are educated as Sub-Assistant Surgeons; others to the 2nd or Hindustani Class, and are educated as Native Doctors.

GOVERNMENT STUDENTS.

1ST, OR ENGLISH, CLASS.

Period of Studentship, five years.

Natives of Bengal Proper, Madras, and Bombay, for whom colleges are provided in their respective presidencies, are not admissible.

Candidates must be between the ages of sixteen and twenty; previous to admission, are required to pass an examination in arithmetic as far as decimal fractions, and in the English language, which they

are expected to understand thoroughly, their knowledge of it being ascertained from reading, writing from dictation, and by questions upon the signification of what they read and write. Scholarships, varying in value from seven to ten rupees per mensem, are given to four or five of those that acquit themselves best at this examination, if sufficient ability be shown; but the holders of these will be required to sign agreements to re-pay the whole amount received by them if they leave the school before passing the final examination. These matriculation scholarships are held for six months, from October to March. In April the students contend, at the prize examination, for the junior scholarships and stipends, which vary in value from seven to seventeen rupees: four or five of them are given to the most proficient students if sufficient ability be shown. They are held for a year, commencing on April 1st, and are re-distributed in April of the following year, according to the attainments of the students, ascertained at the examination of that year. The same process is repeated at the end of the third winter session, when the junior scholarships and stipends are re-distributed for the last time, to be held till the end of the fourth winter session. At the end of the fourth winter session, senior scholarships and stipends from ten to twenty rupees are contended for, tenable during the 2nd half of the 4th and the 5th year of studentship.

The above rules apply to each set of students, their 1st, 2nd, 3rd, and 4th winter session being reckoned from the date of their matriculation.

Scholarships may be at any time forfeited or, diminished in value in consequence of idleness or misconduct. On passing the final examination in the fifth year successfully, each student will receive an appointment as a Sub-Assistant Surgeon, with Rs. 100 a month salary, afterwards increasing to Rs. 150, and eventually Rs. 200, per mensem.

2nd, or Hindustani, Class.

Period of study, three years.

Candidates must be natives of the Punjab or North-Western Provinces, and must be between the ages of sixteen and twenty.

Previous to admission, they are to pass an examination in arithmetic, as far as the rule of proportion, and in the Hindustani language, their knowledge of which is ascertained from reading and writing from dictation in the Persian character. Preference is shown to any that understand Pushto or English, and credit is also given for knowledge of Punjabee.

The successful candidates for this class are enlisted as sepoys and placed under military discipline, and receive pay, while students, of rupees 6 per mensem. Any that qualify themselves for the tests required for the English class are allowed to pass into that class, to be educated as Sub-Assistant Surgeons.

LOCAL STUDENTS.

Local students to the number of 15 are admitted to the English class, and 30 to the Hindustani. They receive no pay from Government, but a monthly stipend from the local funds of their districts, Rs. 15 per month being paid to the Principal of the Medical School for each English student, and Rs. 10 for each Hindustani student. Out of this the English class men are paid according to their merits, on the same principle as the Government student; those in the Hindustani receive Rs. 6 per mensem each.

Both classes are expected to pass the matriculation examination, and to sign certain agreements, copies of which are given below.

The next matriculation examination for the English Class will be held on Monday, October 3rd, 1870. Candidates must present themselves to the Principal to be registered on Saturday, October 1st, at 11 A. M., bringing with them satisfactory certificates of character. There will be three or four vacancies.

The next matriculation examination for the Hindustani class will be held on Saturday, April 23rd. Candidates must present themselves to the Principal to be registered at 11 A. M. on the previous day, Friday 22nd, bringing with them satisfactory certificates of character. There will be about twenty-seven vacancies in this class.

In consequence of the demand for Native Doctors speaking the Pushto language, it has been determined to keep eight vacancies in the Hindustani class for candidates from the frontier, who shall bring with them the necessary certificates of qualification. (*See* Brigade Order No. 26, dated 26th May, 1866, by the Brigadier General Commanding the Frontier Force.) The test examination for these trans-Indus students is held in their own districts, and their travelling expenses to Lahore are re-paid to them by Government on arrival. They ought to present themselves at the Medical School on April 30th.

The winter session of the School lasts from October 1st to March 31st. The summer session from April 1st to July 31st. Vacations:—A week at Christmas, and the two months of August and September. The students of the Hindustani class do not all obtain leave during the whole of the vacations: a certain number of them are retained, at the discretion of the Principal, to carry on the work of the hospital.

Form of Ageeement of the Local Students of the English Class.

I, of the district, agree to study Medicine and Surgery at the Lahore Medical School, and to conform to the rules of the institution, for five years, on condition that rupees fifteen per mensem be paid to the Principal of the School for my education by the Deputy Commissioner of my district, and that I receive a monthly stipend or scholarship varying from Rs. 7 to 20. In consideration of the above, I further agree that, when the five years have expired, if I pass my final examination, I will at once return and report myself to the Deputy Commissioner for the time being of the district whence I came, and wait there for employment three months, at the end of which time, if I do not obtain employment in my own district, I shall be free to seek it elsewhere. If I leave the Medical School without permission of the Principal, or if I fail to return to my own district and wait the three months for employment, as above mentioned, I promise to refund to the Deputy Commissioner the whole of the money paid to the Medical School for my education.

I further promise that, if I leave before the profits to the Medical School, out of the money paid for my education, are sufficient to cover the cost of the stamp on this agreement and of the books supplied to me, I will refund this amount to the Principal.

Form of Agreement of Local Students of the Hindustani Class.

I, of the district, agree to study Medicine and Surgery at the Lahore Medical School, and to conform to the rules of the institution, for three years, on condition that Rs. 10 per mensem be paid to the Principal of the School for my education by the Deputy Commissioner of my district; that I receive, out of this, a monthly salary of Rs. 6, and whatever books the Principal may consider necessary for my education. In consideration of the above, I

further agree that, when the three years have expired, if I pass my final examination, I will at once return and report myself to the Deputy Commissioner for the time being of the district whence I came, and wait there for employment three months, at the end of which time, if I do not obtain employment in my own district, I shall be free to seek it elsewhere. If I leave the Medical School without permission of the Principal, or if I fail to return to my own district and wait the three months for employment as above mentioned, I promise to refund to the Deputy Commissioner the whole of the money paid to the Medical School for my education.

I further promise that, if I leave before the profits to the Medical School, out of the money paid for my education, are sufficient to cover the cost of the stamp on this agreement and of the books supplied to me, I will refund this amount to the Principal.

BOOK CIRCULAR,—No. IV.-270 of 1870.

From

T. W. Smyth, Esquire,

Registrar of the Chief Court of the Punjab,

To

All Commissioners and Deputy Commissioners in the Punjab.

Dated Lahore, the 27th January, 1870.

Chief Court of the Punjab.

Present:

C. Boulnois, Esquire, D. Simson, Esquire, C. R. Lindsay, Esquire, } *Judges.*

Cases having been brought to the notice of the Chief Court of great delay on the part of Canal Officers invested with magisterial powers in disposing of breaches of Canal Rules, and instances having uccurred where persons charged with these offences had been summoned long distances to attend the Canal Officer's Court, the Judges, at the suggestion of the Hon'ble the Lieutenant-Governor, are pleased to issue the following instructions on the subject :—

2. Whenever the disposal by a Canal Officer of a case of breach of Canal Rules will involve a delay of more than 14 days, or will involve the summoning of parties and witnesses to a greater distance than that of the nearest Magistrate competent to receive and dispose of the complaint, the case should be transferred for disposal to the latter.

3. The Deputy Commissioner, as Magistrate of the District, is also competent, under section 36 of the Code of Criminal Procedure, in cases other than those mentioned in para. 2, to withdraw any criminal case pending in a Canal Officer's Court, and to enquire into or try the case himself or refer it for enquiry or trial to any other Court competent to enquire into or try the same, whenever it shall appear to him that such a course will promote the ends of justice or tend to the general convenience of the parties.

4. Canal Officers should understand that in their magisterial capacity they are subordinate to the Magistrate of the District, and it is the duty of the latter to exercise the same control and supervision over the proceedings of Canal Officers that he does over those of his Assistants.

By order of the Chief Court,

T. W. Smyth,

Registrar.

No. 707.—Read the following : –

No. 38, dated 15th January, 1870.

Memo.—By W. STOKES, Esq., *Secy. to the Council of the Govr. Genl. for making Laws and Regulations.*

In returning the original papers received from the Financial Department under cover of endorsement No. 351, dated 13th instant, relative to the question raised by the Financial Commissioner of Oudh, whether wills are liable to stamp duty under Act No. XVIII of 1869, the undersigned is directed to state that Act No. XVIII of 1869 does not and was not intended to apply to wills.

2. Wills were specially exempted in Act X of 1862, apparently because there was a general clause (No. 36) in Schedule A to that Act imposing a one-rupee stamp on all deeds not otherwise charged or expressly exempted. But this general clause was intentionally omitted in the present Act, and the insertion of the special exemption was therefore unnecessary.

3. The Financial Commissioner might be told that not only wills, but deeds of dower not affecting immoveable property, are now exempt from stamp duty. In fact no instruments are chargeable except those specified in the Schedules to Act XVIII of 1869.

Copy forwarded to the Chief Commissioner, Oudh, for information, in reply to his Secretary's letter No. 2, dated 3rd January, 1870.

Copy also forwarded to the other local Governments and Administrations for information and guidance, and published in the *Gazette of India*.

The 28th January, 1870.

(a.) Documents which, under Section 5 of the same Act, para. (*a*), may be stamped with adhesive stamps; and

(b.) Documents on which the stamps may be denoted by the Collector or Superintendent of Stamps under the same Section, para. (b).

GOVERNMENT STUDENTS.

1ST, OR ENGLISH, CLASS.

Period of Studentship, five years.

Natives of Bengal Proper, Madras, and Bombay, for whom colleges are provided in their respective presidencies, are not admissible.

Candidates must be between the ages of sixteen and twenty; previous to admission, are required to pass an examination in arithmetic as far as decimal fractions, and in the English language, which they are expected to understand thoroughly, their knowledge of it being ascertained from reading, writing from dictation, and by questions upon the signification of what they read and write. Scholarships, varying in value from seven to ten rupees per mensem, are given to four or five of those that acquit themselves best at this examination, if sufficient ability be shown; but the holders of these will be required to sign agreements to re-pay the whole amount received by them if they leave the school before passing the final examination. These matriculation scholarships are held for six months, from October to March. In April the students contend, at the prize examination, for the junior scholarships and stipends, which vary in value from seven to seventeen rupees: four or five of them are given to the most proficient students if sufficient ability be shown. They are held for a year, commencing on April 1st, and are re-distributed in April of the following year, according to the attainments of the students, ascertained at the examination of that year. The same process is repeated at the end of the third winter session, when the junior scholarships and stipends are re-distributed for the last time, to be held till the end of the fourth winter session. At the end of the fourth winter session, senior scholarships and stipends from ten to twenty rupees are contended for, tenable during the 2nd half of the 4th and the 5th year of studentship.

The above rules apply to each set of students, their 1st, 2nd, 3rd, and 4th winter session being reckoned from the date of their matriculation.

Scholarships may be at any time forfeited or diminished in value in consequence of idleness or misconduct. On passing the final examination in the fifth year successfully, each student will receive an appointment as a Sub-Assistant Surgeon, with Rs. 100 a month salary, afterwards increasing to Rs. 150, and eventually Rs. 200, per mensem.

2ND, OR HINDUSTANI, CLASS.

Period of study, three years.

Candidates must be natives of the Punjab or North-Western Provinces, and must be between the ages of sixteen and twenty.

Previous to admission, they are to pass an examination in arithmetic, as far as the rule of proportion, and in the Hindustani language, their knowledge of which is ascertained from reading and writing from dictation in the Persian character. Preference is shown to any that understand Pushto or English, and credit is also given for knowledge of Punjabee.

The successful candidates for this class are enlisted as sepoys and placed under military discipline, and receive pay, while students, of rupees 6 per mensem. Any that qualify themselves for the tests required for the English class are allowed to pass into that class, to be educated as Sub-Assistant Surgeons.

LOCAL STUDENTS.

Local students to the number of 15 are admitted to the English class, and 30 to the Hindustani. They receive no pay from Government, but a monthly stipend from the local funds of their districts, Rs. 15 per month being paid to the Principal of the Medical School for each English student, and Rs. 10 for each Hindustani student. Out of this the English class men are paid according to their merits, on the same principle as the Government student; those in the Hindustani receive Rs. 6 per mensem each.

Both classes are expected to pass the matriculation examination, and to sign certain agreements, copies of which are given below.

The next matriculation examination for the English Class will be held on Monday, October 3rd, 1870. Candidates must present themselves to the Principal to be registered on Saturday, October 1st, at 11 A. M., bringing with them satisfactory certificates of character. There will be three or four vacancies.

The next matriculation examination for the Hindustani class will be held on Saturday, April 23rd. Candidates must present themselves to the Principal to be registered at 11 A. M. on the previous day,

Friday 22nd, bringing with them satisfactory certificates of character. There will be about twenty-seven vacancies in this class.

In consequence of the demand for Native Doctors speaking the Pushto language, it has been determined to keep eight vacancies in the Hindustani class for candidates from the frontier, who shall bring with them the necessary certificates of qualification. (*See* Brigade Order No. 26, dated 26th May, 1866, by the Brigadier General Commanding the Frontier Force.) The test examination for these trans-Indus students is held in their own districts, and their travelling expenses to Lahore are re-paid to them by Government on arrival. They ought to present themselves at the Medical School on April 30th.

The winter session of the School lasts from October 1st to March 31st. The summer session from April 1st to July 31st. Vacations:—A week at Christmas, and the two months of August and September. The students of the Hindustani class do not all obtain leave during the whole of the vacations: a certain number of them are retained, at the discretion of the Principal, to carry on the work of the hospital.

FORM OF AGEEEMENT OF THE LOCAL STUDENTS OF THE ENGLISH CLASS.

I, of the district, agree to study Medicine and Surgery at the Lahore Medical School, and to conform to the rules of the institution, for five years, on condition that rupees fifteen per mensem be paid to the Principal of the School for my education by the Deputy Commissioner of my district, and that I receive a monthly stipend or scholarship varying from Rs. 7 to 20. In consideration of the above, I further agree that, when the five years have expired, if I pass my final examination, I will at once return and report myself to the Deputy Commissioner for the time being of the district whence I came, and wait there for employment three months, at the end of which time, if I do not obtain employment in my own district, I shall be free to seek it elsewhere. If I leave the Medical School without permission of the Principal, or if I fail to return to my own district and wait the three months for employment, as above mentioned, I promise to refund to the Deputy Commissioner the whole of the money paid to the Medical School for my education.

I further promise that, if I leave before the profits to the Medical School, out of the money paid for my education, are sufficient to cover the cost of the stamp on this agreement and of the books supplied to me, I will refund this amount to the Principal.

FORM OF AGREEMENT OF LOCAL STUDENTS OF THE HINDUSTANI CLASS.

I, of the district, agree to study Medicine and Surgery at the Lahore Medical School, and to conform to the rules of the institution, for three years, on condition that Rs. 10 per mensem be paid to the Principal of the School for my education by the Deputy Commissioner of my district; that I receive, out of this, a monthly salary of Rs. 6, and whatever books the Principal may consider necessary for my education. In consideration of the above, I further agree that, w en the three years have expired, if I pass my final examination, I will at once return and report myself to the Deputy Commissioner for the time being of the district whence I came, and wait there for employment three months, at the end of which time, if I do not obtain employment in my own district, I shall be free to seek it elsewhere. If I leave the Medical School without permission of the Principal, or if I fail to return to my own district and wait the three months for employment as above mentioned, I promise to refund to the Deputy Commissioner the whole of the money paid to the Medical School for my education.

I further promise that, if I leave before the profits to the Medical School, out of the money paid for my education, are sufficient to cover the cost of the stamp on this agreement and of the books supplied to me, I will refund this amount to the Principal.

From—The English residents of the Punjab :

To—His Royal Highness Prince Alfred-Ernest-Albert, Duke of Edinburgh, Earl of Kent, Earl of Ulster, Prince of the United Kingdom of Great Britain and Ireland, Duke of Saxony, Prince of Saxe-Coburg and Gotha, Captain in the Royal Navy, Knight of the Most Noble Order of the Garter, Knight of the Most Ancient and Most Noble Order of the Thistle, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Knight Grand Commander of the Most Exalted Order of the Star of India, Member of Her Majesty's Most Hon'ble Privy Council.

May it please your Royal Highness,—We, the English residents of the Punjab, venture to approach your Royal Highness with the warmest professions of attachment to Her Majesty the Queen, on the auspicious occasion of your arrival in this distant Province of Her Majesty's Indian Dominions.

The advent of a member of your August Family has been long looked forward to by the whole population of the Punjab, Native and European. The Native portion of the community have been privileged to express their loyalty to Her Majesty's person in a separate address. Permit us to say, on behalf of ourselves, that we welcome your Royal Highness most cordially, and that we shall ever regard your visit to India as a most happy event in the annals of the Empire.

His Royal Highness returned the following reply :—

Accept my sincere thanks for the address you have just presented me.

No small share of the pleasure I have experienced during my interesting tour through India is due to the very kind and gratifying welcome I have everywhere received, and it is a most happy reflection that I owe this reception chiefly to the spirit of affectionate loyalty that animates Her Majesty's Indian subjects. I am very glad to receive the assurance that the same laudable sentiments pervade every race and class of the inhabitants of this great Frontier Province, and it will be a great gratification to the Queen to hear from me that she may depend upon the firm loyalty of her subjects in the Punjab.

At 11-30 A. M., His Royal Highness returned visits to the following Chiefs :—

His Highness the Máhárájá of Jammu and Kashmír.
His Highness the Máhárájá of Patiála.
His Highness the Nawáb of Bháwalpore.
His Highness the Rájá of Jínd.
His Highness the Rájá of Nábha.
His Hghness the Rájá of Kapúrthala.

At 4-30 P. M., His Royal Highness presided at the opening of the Soldiers' Workshop Exhibition at Mián Mír, in the pre-

sence of a large assemblage of spectators, English and Native, on which occasion the following address was read by Major General Huyshe :—

" YOUR ROYAL HIGHNESS,—THE GOVERNMENT OF INDIA have assigned to me the pleasing duty of requesting *Your ROYAL HIGHNESS* to open this EXHIBITION. Before doing so I would beg permission to explain briefly its origin and design. In the year 1861, Sir Hugh Rose, now *Lord Strathnairn*, laid before the Government of India plans for the general establishment of Workshops in all regiments serving in this most important dependency of the Crown. *The Governor-General and Council*, keenly appreciating the advantages to the physical and moral well-being of the Soldier to be expected from affording facilities for active employment during the many hours of leisure from military duty enforced by the extremes of the Indian climate, warmly approved of the suggestions of the Commander-in-Chief, and with ready liberality seconded his efforts by offering rewards to all regiments and individuals whose industry might appear worthy of such recognition. In order the better to carry out these views, it was decided in 1865 to hold, alternately in the northern and southern divisions of the Empire, an annual Exhibition of soldiers' work. The first took place at *Meean Meer* in 1865, and there have since been others at *Allahabad, Meean Meer, and Lucknow*. The results, as evinced by each succeeding Exhibition, have been worthy of the philanthropic intentions which prompted Lord Strathnairn and his successor, the present Commander-in-Chief, to promote and foster every project for the improvement of the social condition of the soldier. Not only have skilled workmen found occupation for their spare hours, but many of their comrades have acquired trades, in the exercise of which they display such industry and proficiency as will insure them remunerative employment when their days of military service are over. These advantages have been equally enjoyed by soldiers' wives and families, and with results not less felicitous, as shown by the large proportion of articles they have contributed to the present Exhibition. On previous occasions it has been usual to receive work from regiments in the neighbouring stations and from no others; but the Government of India, hoping that your Royal Highness would consent to honor the present Exhibition with your presence, have endeavoured to increase its importance by inviting the competition of soldiers and their families throughout the entire Empire. Your Royal Highness will thus be enabled to see, side by side, specimens of labour and art brought by sea and land from the most remote districts of *Hindustan*.

" Nearly 2,500 articles have been sent for exhibition, and upwards of 300 Prizes of an aggregate value of *Rs.* 10,000 have been offered for competition. Those most worthy of note are—

" A *Prize* of *Rs.* 500 for the best general collection from one regiment; awarded to the 1ST BATTALION, ELEVENTH REGIMENT.

" Three *Prizes* of *Rs.* 250 each, for the best collections from each Arm of the Service; of these one has been given to the 7th HUSSARS, one to the 109TH REGIMENT, and one has been divided equally among C—A & B—F ROYAL HORSE ARTILLERY, & E—16, & HEAD QUARTER STAFF, 24th Brigade, ROYAL ARTILLERY.

" Two special Prizes of *Rs.* 400 and 200, offered by *His Excellency Lord Mayo* for the best *Painting in Oil or Water Color* executed in Hindustan by an officer or soldier; the former gained by *Captain James*, BOMBAY STAFF CORPS, and the latter by *Private Witte*, 109*th* Regiment.

" A special Prize of *Rs.* 200 (as yet undecided), for the best Essay on the Dress most suitable for the Army, being the first of a series offered by His Excellency the Commander-in-Chief.

" In conclusion, I would beg to express to your Royal Highness the pleasure I feel in being allowed to welcome here to-day a *Prince* who reflects honor on that *Sister Service*, whose glories it has ever been the pride of the *British Army* to emulate; a *Prince*, whose *Royal Mother* has ever shown an anxiety for the well-being of Her Soldiers that has awakened in their hearts a feeling of undying loyalty and devotion.

" *Your ROYAL HIGHNESS*, it now only remains for me to beg that you will declare this SOLDIERS' INDUSTRIAL EXHIBITION open."

His Royal Highness replied as follows :—

" It gives me great pleasure to consent to the request you have made, and I think myself fortunate in having this opportunity of inaugurating an Exhibition which I consider to be one of the happy results of that system which emanated from my father, and of which the great Exhibition of 1851 was the first embodiment.

" The Queen, who ever takes the keenest interest in the welfare of her soldiers, will learn with gratification the happy results that have attended the extension of this system to the Army in India. Its objects have her warmest sympathy and approval, and I am sure it will afford Her Majesty no little gratification to know that my presence on this occasion has enabled me, as a member of the Royal Family, to associate my name with the inauguration of this excellent undertaking.

For myself, I thank you for the flattering terms in which you have welcomed me, and I rejoice to be able to show, by my presence here, how warm an interest I too, as a sailor, take in the well-being of the soldier.

The Exhibition, which I now declare to be open, has my very best wishes for its success, and I hope and believe that it will realize all the objects for which it has been designed."

After which His Royal Highness proceeded *viâ* the Shálimár Gardens to Government House.

In the evening His Royal Highness attended a *conversazione* given by His Honor the Lieutenant-Governor in the Montgomery Hall, where between 800 and 900 guests, European and Native, were present, including the feudatory

Chiefs.

On the 12th instant, at 9 A. M., there was a Review of the Troops at Mián Mír. The troops under the command of Major General Huyshe, consisted of the following Batteries and Regiments :—

D—F. and F—F. Royal Horse Artillery, H—8 and D—19, Royal Artillery, 5th Lancers and 20th Hussars, 9th and 19th Bengal Cavalry, 39th 85th, and 92nd Foot, 3rd, 14th, 21st, 28th, and 35th Native Infantry.

His Royal Highness and His Honor the Lieutenant-Governor arrived on the ground at the hour named, and were received with a royal salute and colors drooped.

In the forenoon His Royal Highness received unceremonial visits from the Chiefs of Kashmír, Patiála, Bháwalpore, Jínd, Nábha, and Kapúrthala, who presented His Royal Highness with small mementos consisting chiefly of specimens of the manufactures of their respective States, which His Royal Highness was graciously pleased to accept. The Máhárájá of Jammu and Kashmír was also allowed to present a pair of valuable Kashmír shawls, the finest ever made, for the acceptance of Her Majesty the Queen.

At 4 P. M., His Royal Highness left Lahore by special train for Amritsar. The feudatory Chiefs and Civil Officers, and a guard of honor of 100 men of the 92nd Highlanders, were in attendance on the platform. As His Royal Highness took his departure, a royal salute was fired ; and he was accompanied as far as Mián Mír by the Lieutenant-Governor and staff, and the General Commanding the Lahore Division.

FOREIGN DEPARTMENT.

TELEGRAPH.

The 26*th January*, 1870.

No. 76 *T.*—The following revised Rules and Experimental Tariff relating to the despatch of Telegraph messages in India, including British Burmah, and in Ceylon, are published for general information. They will come into force from the 1st March, 1870 :—

RULES and Experimental Tariff relating to the despatch of Telegraph messages in India, British Burmah, and Ceylon, published in supersession of the Telegraph Notification, dated Simla, the 20th September, 1868.

I.

GENERAL. The accuracy of messages is not guaranteed, and the sender and receiver must accept all risks arising from non-delivery, errors, or delays.

II.

Telegraph Stations are divided into three classes—*1st*, those performing permanent day and night duty; *2nd*, those performing full day duty; and *3rd*, those of limited day duty.

Classes of Offices.

Office hours.

Except on the days stated in Clause III, stations in the 1st class are open day and night for the reception and transmission of messages.

Stations of the 2nd class are open from 7 A. M. till 9 P. M.

Stations of the 3rd class are open from 10 A. M. till 5 P. M., and on Sundays and the holidays enumerated in the next clause from 7 A. M. to 8 A. M. and from 4 P. M. to 6 P. M.

III.

Hours of business limited on Sundays and Holidays.

All Offices will be closed to the public between the hours of 8 and 16 (4 P. M.) local time on Sunday, Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday.

IV.

Exemptions in favor of emergent telegrams signed by competent authority.

In cases of life and death, or of extraordinary political emergency, a message countersigned by the chief civil authority at a station, or by any of the authorities empowered to "clear the line" (see paragraph XLVI), can be sent from any Office at any time.

V.

Limit to length of a message.

No message or messages of more than 200 words in all can be sent at any one time by any private individual or firm, and no second message by the same individual or firm till after the lapse of three hours, unless the line be free and not required by any one else.

VI.

Messages should be legibly written and clearly expressed.

Senders of messages are advised to write their messages in an unmistakeable and distinct hand, and to use the shortest and most familiar words they can select. The more intelligible the message, the greater is the probability of its being correctly transmitted.

Acceptance of messages for transmission.

VII.

Messages must be written in the Roman character.

Messages must be in the Roman character, and legibly written.

VIII.

Form to be followed.

The body of the message must be preceded by the address, and followed by the signature.

IX.

Full address necessary.

The address must contain all the information necessary to ensure the delivery of the message at its destination.

The sender in all cases supports the consequences of insufficiency of address. After the message is once sent, he can neither complete nor rectify it, except by sending a new despatch.

X.

Ordinary, cipher, Code, and foreign messages.

Messages may be written in the ordinary English language, in cipher, in words of concealed meaning, commonly called "Code," or in any foreign language written in the Roman character.

Ordinary messages can contain only standard English dictionary words.

Cipher messages are those which consist wholly or in part of groups of figures or letters not forming words.

Code messages are those in which a number of recognised words, but of concealed meaning, follow each other without forming sense.

XI.

No unusual combinations or abbreviations permitted.

Messages in ordinary language can contain no unusual combinations, abbreviations, or constructions, nor words of more than seven syllables.

XII.

Authentication of corrections necessary.

Every interlineation, reference, erasure, or alteration of words should be authenticated by the sender of the message, or by his representative.

Verification of private messages may be insisted upon.

The sender of a private message can always be called upon to prove that the signature attached to it is genuine.

XIII.

Messages sent by post to Telegraph Stations for transmission.

Messages from places where there is no Telegraph Station should be addressed to the nearest Government Telegraph Office by post registered, together with Telegraph Stamps sufficient for their payment, or, if Telegraph Stamps be not procurable, Postage Stamps at the rate of seventeen annas per rupee. Such messages are charged at the day-rate at whatever time they may reach the Telegraph Station.

XIV.

Treatment of messages received by post for transmission insufficiently stamped.

In the case of a message sent by post to a Telegraph Station with an insufficient number of stamps, the message and stamps will be returned "bearing" to the sender, who should in all cases give his full address.

XV.

"Bearing" messages.

With the following exception, all charges for messages must be prepaid in cash or in stamps :—

Messages are sent "bearing" from sea-ports when received by mail steamers or other vessels for despatch, but no such message "prepaid" or "bearing" will be received for transmission until the name of the vessel has been made known. "Bearing" messages will not be delivered to the addressees until payment has been obtained.

XVI.

Objectionable messages to be refused acceptance.

Telegraph Masters are required to refuse to transmit a message which may be of a decidedly objectionable or alarming character. Should the character of the message be disputed, the matter may be referred to a Secretary to Government if the dispute occur at the seat of Government, or to the chief civil officer if at a provincial station.

XVII.

CHARGES.

Messages in ordinary language.

The charge for a message in ordinary English language between any two stations in India or Burmah will be one rupee for every ten words. A message can be sent from any Government Telegraph Station to any Railway Telegraph Station, or *vice versâ*, at the same rate.

XVIII.

Messages in cipher, in words of concealed meaning, or in a foreign language.

The charge for a message in cipher, in words of concealed meaning, or in a foreign language, will be two rupees for every ten words. These messages are always repeated back by the receiving Office to ensure the greatest possible accuracy.

XIX.

Messages to and from Ceylon.

Messages between any stations in Ceylon and Calcutta, or places west of Calcutta, are charged one rupee for 20 words or less, in addition to the Indian charge.

Messages between Ceylon and places east of Calcutta are charged two rupees for 20 words or less, in addition to the Indian charge.

Ceylon local messages.

The local rates in Ceylon are one rupee for 20 words for any description of message between any two stations not exceeding 200 miles apart, with eight annas for every additional ten words. For distances greater than 200 miles, these charges are doubled. Double charges are levied on messages sent after hours or on holidays, the same as in India.

XX.

Double charges.

A double charge will be levied upon all messages tendered for transmission between the hours of 6 P. M. and 6 A. M. (local time); also on Sundays and the following holidays :—Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday.

XXI. *

Method of counting words in the address.

In the address of a message (meaning thereby the stations from and to which a message is despatched, the name of the sender and the addressee, and the latter's address) three words will be reckoned as one word; the remainder, if less than three words, being also counted as one.

XXII.

Words joined by a hyphen.

Words joined by a hyphen are counted as so many separate words.

XXIII.

Words separated by an apostrophe.

Words separated by an apostrophe are counted as so many separate words.

XXIV.

Proper names, titles, &c.

Proper names of towns and persons, names of places, streets, ships, titles, Christian names, prefixes, and qualifications, are counted for the number of words employed to express them.

XXV.

Every *separate* character, including an underline, charged as a word.

Every *separate* character, whether letter or figure, is counted as a word. The same applies to an underline.

* The words "from" and "to" prefixed to the names of sender and receiver, and sending and receiving station, in the address of a message, are not counted.

XXVI.

Signs of punctuation.

Signs which the instruments express by a single signal (signs of punctuation, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraph) are not counted. But decimal points, commas, and bars of division, used with figures, are each counted as a figure.

Signs used to separate groups in cipher messages are counted each as a figure or letter, unless the sender expressly desires that they be not transmitted.

XXVII.

Charges for figures.

When numbers are expressed in figures in ordinary messages, each group of five or fewer figures is counted as a word; letters added to figures to form ordinal numbers are each counted as a figure.

XXVIII.

Method of counting cipher messages.

In cipher messages, the parts in cipher must consist exclusively of Arabic figures or of letters of the alphabet, and be placed between parenthesis, separating them from the rest of the message. All the characters, figures, letters, or signs employed in the cipher text are added together, the total divided by five, and the quotient, plus one for the remainder, if there be any, gives the number of words the ciphers represent.

XXIX.

All words to be transmitted charged for.

All that the sender writes in his message to be transmitted is included in the cost, but in the address of a message, as defined in Rule XXI., three words will be charged as one word.

XXX.

Date and time of receipt added by the Department and transmitted FREE.

The day, hour, and minute of receipt of a message into a Telegraph Office for despatch are in every instance added by the Department, and telegraphed free of charge. Senders may, however, date their messages if they think fit; but the sender's date, if given, will be charged for, and, to avoid confusion with that given by the Department, will, if written at the beginning, be transferred to the end of the message.

XXXI.

Multiple messages charged as separate messages.

A message addressed to several persons, or to the same person in localities where delivery is to be effected by different Offices, is charged for as so many separate messages.

XXXII.

Multiple messages charged as one message.

A message addressed to several persons in one locality, or to the same person at several places of residence in one locality, with or without retransmission by post, is charged for as a single message, but a copying fee of four annas, independently of postage, if any, is charged for each destination after the first.

XXXIII.

Registration of messages.

The sender of any message has the power of registering it.

XXXIV.

Charge for registration.

The charge for registering is equal to the charge for the message. A registered message is indicated by the word "*récommandée,*" which to ensure the greatest accuracy, is telegraphed both in the official instructions and as the first word of the text of the message. The former is sent free; the latter charged for.

XXXV.

Treatment of registered messages.

When a message is registered, the different stations employed in its transmission collate it as it passes by, repeating it to each other integrally, and the terminal station, immediately after the delivery of the message, despatches a telegram to the sender announcing the exact time at which it reached its destination. If the message cannot be delivered, the return telegram indicates the circumstances which prevented delivery, and, if possible, gives the information necessary to enable the sender to cause his message to reach its destination.

XXXVI.

Priority of return message.

The return message has priority in transmission over other messages of the same rank.

XXXVII.

The return message can be sent to any station.

The sender of a registered message can have the return message addressed to him at any station by giving the necessary instructions.

The words necessary to convey these instructions will be considered as part of the message and charged for accordingly.

XXXVIII.

Prepaid replies.

The sender of a message can prepay a reply. He must add the words "reply paid" or "answer paid." These must form the concluding words of the message, and will be signalled and charged for. The sender can add to the words

"reply paid" or "answer paid" the cost to which he wishes the reply to be limited on paying the corresponding amount. When the words "reply paid" alone are given without any specified amount, it will be understood that one rupee only has been prepaid. The terminal station pays to the receiver in Telegraph Stamps the amount prepaid, leaving it to him to send his answer how and when he pleases, or not to send one at all. The reply is considered in every respect as a fresh message.

XXXIX.

No unpaid message to be despatched under penalty.

No unpaid messages, except those specified in the Departmental Regulations, shall on any account be transmitted. A violation of this rule will subject the Signaller or Telegraph Master in charge of the Station from which a message is improperly sent to dismissal from the public service.

XL.

DELIVERY.

Free delivery within five miles of a Telegraph Station.

Peons will deliver messages free of charge at any place within five miles of a Telegraph Station. Beyond this distance messages will be sent by Post, or by such other means as the sender may arrange and pay for.

XLI.

Words necessary to explain delivery are charged for.

Any additional words that may be necessary to explain the delivery of a message when its destination is more than five miles beyond the nearest Telegraph Station will be considered as part of the message and charged for accordingly.

XLII.

Charge for re-addressing a message.

Should the addressee of a message leave the station to which it is addressed, and it be sent on by Telegraph to some other station, an additional charge of one rupee for every ten words of message in ordinary English language, and of two rupees for every ten words of message not in ordinary English language, must be paid by the addressee for every extra address before the telegram is delivered to him.

XLIII.

Messages addressed to non-telegraph stations.

Messages can be addressed to places where there are no Telegraph Stations. In such cases, the sender must state from what Telegraph Station the message should be posted.

Example :—To Kalka, "Post Umballa," or Kalka, "Post Kussowli." To Gudduck, "Post Dharwar," or Gudduck, "Post Bellary." These extra words will be charged for, but no charge will be made for inland postage, the cost of which is defrayed by the Telegraph Administration.

If the sender of a message that has to be delivered by Inland Post wishes it to be sent to destination by registered Post, he must prepay the postal registration fee of four annas, and intimate that this has been done by placing the words "Post registered," instead of "Post," before the name of the Telegraph Station which is to post the message. These words will be charged for.

XLIV.

Charges on service messages.

Service messsages from all public functionaries must be paid* for in cash or in stamps prior to despatch: the rates are the same for service messages as those charged to private individuals.

XLV.

Service messages take their turn for despatch with private messages.

Service messages have no right of precedence, and take their turn of despatch with private messages, except in cases of pressing public emergency and importance, when priority may be claimed on special grounds.

XLVI.

"Clear the line" messages.

On certain emergent occasions of great importance, the public functionaries named below have the power of "clearing the line," that is, to suspend the receipt and despatch of all other messages until the one for which the line is "cleared" is passed on :—

(1). The Governor General of India.
(2). The Governors of Madras, Bombay, and Ceylon.
(3). Commanders-in-Chief, India, Madras, and Bombay.
(4). Lieutenant-Governors of Bengal, North-Western Provinces, and the Punjab.
(5). Secretaries to the Government of India.
(6). Secretaries to the Governments of Madras, Bombay, Bengal, North-Western Provinces, and Punjab.
(7). Chief Commissioners of Oudh, the Central Provinces, British Burmah, and Mysore and Coorg.
(8). Agents to the Governor General, Rajpootana, and Central India.
(9). Commissioners of Sindh and Peshawur.
(10). Director General of Telegraphs in India.
(11). The Resident at Hyderabad (Deccan).

The messages so sent are, however, to be paid for in cash or in stamps as other service messages.

* No. XLIV.—The only exceptions to this rule are enumerated in special printed instructions issued to each Office.

XLVII.

REFUNDS.

Under no circumstance is a refund given for a non-registered message.

No refund will be made for a message delivered wholly or partially in an unintelligible state (or for late delivery, mis-delivery, or non-delivery of a message) unless it be registered *(récommandée)*. Applications for refunds, as also all complaints respecting messages, should be addressed to the Telegraph Check Office, Calcutta.

XLVIII.

Conditions of refund in the case of a registered message.

If a registered message be delayed or mutilated to such an extent as to be manifestly unable to fulfil its object, the whole charge made for it will be returned to the sender.

XLIX.

Not admissible when a message is cancelled at the sender's request.

If the sender of a message wishes to cancel it before transmission has commenced, he can do so; but the charges upon it will not be returned when once the stamps are obliterated. If the message is in course of transmission, or has already been despatched, it can only be cancelled by a paid message from the sender to the Telegraph Master of the terminal station. If in addition the sender wishes to be informed by Telegraph in what manner his request has been acted upon, he must deposit the cost of the return telegram.

L.

Obligation of secrecy.

To secure secrecy as much as possible, all persons, including officers of the Department not actually on duty, are strictly prohibited from entering the signal-room. Breach of the regulation renders an offender liable to a fine of one hundred rupees under Act VIII. of 1860.

LI.

Penalties for divulging the contents of a message.

Violation of secrecy on the part of any person in the Department will be punished by dismissal from office, forfeiture of arrears of pay, and a declaration in the official Gazette of the incapacity of the delinquent to serve the Government in any capacity. Breach of this rule renders the offender liable to the further punishment of fine, or to imprisonment with or without labour not exceeding two years, or to both. It is a violation of secrecy to mention the fact that a message has been received or despatched by any particular person or firm.

LII.

Certified copies of messages obtainable by sender and receiver.

The sender and receiver have a right to be furnished with certified true copies of the messages sent or received by them: a fixed charge of four annas is made for every copy furnished.

As no Telegraph Office keeps copies of messages longer than three days, applications for copies required after that time has elapsed should be made to the Telegraph Check Office, Calcutta.

Applications for copies must be made within 18 months of the date of the message. At the expiration of that period all message drafts are destroyed.

One anna must be enclosed for postage of the reply, failing which it will be sent "bearing."

Messages in a foreign language, which must be written in the Roman character, are treated in the same manner as Code Messages. The number of words in the text of the message and in the address are added together and the total charged at the rate of two rupees for ten words (Rule XVIII).

The only point requiring explanation is the action of Rule XXIII, by which words separated by an apostrophe, such as d'Argent, d'Escompte, l'Avenir, &c., are counted as two words. This rule should be borne in mind in writing foreign words.

English nouns in the possessive case, in which an apostrophe is employed, such as brother's, General's, Charles', &c., are not chargeable as two words on that account.

2. Provided that if the period by which the leave is overstayed be more than one month, and it be desired to re-appoint the Officer without forfeiture of his entire previous services, the sanction of the Government of India must be obtained.

The 3rd February 1870.

No. 901.—With reference to the Sections mentioned in the margin of the Leave Rules for Covenanted and Uncovenanted Civil Servants, Chaplains, and Military Officers, the Governor General in Council is pleased to lay down the following rule as applicable in both the Civil and the Military Department.

> Section XI of the Rules of the 31st July, 1868, for Chaplains.

MILITARY DEPARTMENT.

The 1st February 1870.

No. 152 *of* 1870.—With reference to paragraphs 33 and 36 of G. G. O. No. 550 of 5th June, 1868, the Right Hon'ble the Governor General of India in Council is pleased to direct the observance of the following rules regarding the future position and prospects of Native Medical Subordinates:—

1. Native Medical Subordinates placed at the disposal of Local Governments and Administrations may be employed by them at such places and in such posts as may be considered desirable without any further reference to the Government of India or to the Governments of Madras and Bombay, as the case may be, by whom, however, the first appointment of men to the several establishments, and their subsequent promotion therein, will continue to be made as heretofore.

2. All Native Doctors, Hospital Assistants, or equivalent grades now on the Medical Subordinate Establishment at any of the three Presidencies, who having passed the requisite examination at any of the Medical Colleges or recognized Institutions have been admitted by Government into the service in either civil or military employ, and all those who, having passed the prescribed local examinations, may have been admitted into the service in General Orders by the Commander-in-Chief, will be eligible for transfer to the establishment of Hospital Assistants, and will be graded as such, according, in the first instance, to their present standing, their further promotion being dependent on length of service and tested professional qualifications.

3. Other Native Doctors, including all in purely local or temporary employ, will continue to bear that designation, and their employment will be confined to subordinate civil duties. If in future it be found necessary to employ such men temporarily in appointments to which staff pay is attached, they will be so employed on the same footing and under the same conditions as heretofore.

4. Native Doctors transferred to the Establishment of Hospital Assistants will receive the lower rate of pay prescribed in G. G. O. No. 550 of 5th June, 1868, until it shall be certified in each case that the individual possesses the qualifications in English laid down in G. G. O No. 945 of 7th October 1868, when the higher rate of pay granted in the former G. O. will be passed to him. Any allowance previously drawn for qualification in English will be considered as merged in the lower rate of grade pay now sanctioned for Hospital Assistants, but those at present drawing higher aggregate allowances will be secured from loss.

5. All future appointments to the grade of Hospital Assistants must be made from that of passed medical pupils, as provided in G. G. O. No. 550 of 5th June, 1868, and all members of the establishment referred to in that order will be enlisted for, and will be liable to, military duty if required, although their ordinary employment may be purely civil.

6. Hospital Assistants in civil employ, when holding independent charges of peculiar importance and unusual responsibility, and Hospital Assistants, whether in civil or military employ, when the number of those constituting the charge amounts to more than 750 men, will be allowed an extra charge allowance in addition to the new scale of grade pay, but this indulgence should be carefully restricted to cases of the nature specified. As regards the exact amount of such allowances, and the precise nature of the charge that will entitle to it, general regulations will hereafter be laid down.

7. This order is applicable to all three Presidencies.

BOOK CIRCULAR,—No. V.-438 of 1870.

From

T. W. Smyth, Esquire,

Registrar of the Chief Court of the Punjab,

To

All Commissioners and Deputy Commissioners in the Punjab.

Dated Lahore, the 18th February, 1870.

Chief Court of the Punjab.

Present:

D. Simson, Esquire,
C. R. Lindsay, Esquire, } *Judges.*
H. S. Cunningham, Esq.

It frequently happens that Officers, when referring cases to the Chief Court for revision of sentence under Section 434 of the Code of Criminal Procedure, send up the record without giving any statement of the case or expressing any opinion as to the legality of the sentence or the regularity of the Magistrate's proceedings. This is an objectionable practice. In the first place, the Chief Court is not always sure that the case has received any consideration by the Magistrate or Sessions Judge making the reference; and, secondly, much inconvenience is felt from the reference not being sufficiently full to enable the Court to pass a proper order in the case.

2. The Court is therefore pleased to direct that such references shall always be accompanied by the records and by a statement of the case in English giving—

1st.—A brief abstract of the case.

2nd.—The sentence or order of the Lower Court, and the name of, and powers exercised by, the Magistrate passing it.

3rd.—The particular portion of the sentence or order in which an error on a point of law is believed to exist.

4th.—The grounds upon which the order of the Lower Court should be reversed or modified.

3. It should also be noted how much of the sentence the accused has undergone, and, if he has been sentenced to fine or whipping, whether the fine has been realized or the whipping has been inflicted.

By order of the Chief Court,

T. W. Smyth,

Registrar.

GOVERNMENT STUDENTS.

1ST, OR ENGLISH, CLASS.

Period of Studentship, five years.

Natives of Bengal Proper, Madras, and Bombay, for whom colleges are provided in their respective presidencies, are not admissible.

Candidates must be between the ages of sixteen and twenty; previous to admission, are required to pass an examination in arithmetic as far as decimal fractions, and in the English language, which they are expected to understand thoroughly, their knowledge of it being ascertained from reading, writing from dictation, and by questions upon the signification of what they read and write. Scholarships, varying in value from seven to ten rupees per mensem, are given to four or five of those that acquit themselves best at this examination, if sufficient ability be shown; but the holders of these will be required to sign agreements to re-pay the whole amount received by them if they leave the school before passing the final examination. These matriculation scholarships are held for six months, from October to March. In April the students contend, at the prize examination, for the junior scholarships and stipends, which vary in value from seven to seventeen rupees: four or five of them are given to the most proficient students if sufficient ability be shown. They are held for a year, commencing on April 1st, and are re-distributed in April of the following year, according to the attainments of the students, ascertained at the examination of that year. The same process is repeated at the end of the third winter session, when the junior scholarships and stipends are re-distributed for the last time, to be held till the end of the fourth winter session. At the end of the fourth winter session, senior scholarships and stipends from ten to twenty rupees are contended for, tenable during the 2nd half of the 4th and the 5th year of studentship.

The above rules apply to each set of students, their 1st, 2nd, 3rd, and 4th winter session being reckoned from the date of their matriculation.

Scholarships may be at any time forfeited or diminished in value in consequence of idleness or misconduct. On passing the final examination in the fifth year successfully, each student will receive an appointment as a Sub-Assistant Surgeon, with Rs. 100 a month salary, afterwards increasing to Rs. 150, and eventually Rs. 200, per mensem.

2ND, OR HINDUSTANI, CLASS.

Period of study, three years.

Candidates must be natives of the Punjab or North-Western Provinces, and must be between the ages of sixteen and twenty.

Previous to admission, they are to pass an examination in arithmetic, as far as the rule of proportion, and in the Hindustani language, their knowledge of which is ascertained from reading and writing from dictation in the Persian character. Preference is shown to any that understand Pushto or English, and credit is also given for knowledge of Punjabee.

The successful candidates for this class are enlisted as sepoys and placed under military discipline, and receive pay, while students, of rupees 6 per mensem. Any that qualify themselves for the tests required for the English class are allowed to pass into that class, to be educated as Sub-Assistant Surgeons.

LOCAL STUDENTS.

Local students to the number of 15 are admitted to the English class, and 30 to the Hindustani. They receive no pay from Government, but a monthly stipend from the local funds of their districts, Rs. 15 per month being paid to the Principal of the Medical School for each English student, and Rs. 10 for each Hindustani student. Out of this the English class men are paid according to their merits, on the same principle as the Government student; those in the Hindustani receive Rs. 6 per mensem each.

Both classes are expected to pass the matriculation examination, and to sign certain agreements, copies of which are given below.

The next matriculation examination for the English Class will be held on Monday, October 3rd, 1870. Candidates must present themselves to the Principal to be registered on Saturday, October 1st, at 11 A. M., bringing with them satisfactory certificates of character. There will be three or four vacancies.

The next matriculation examination for the Hindustani class will be held on Saturday, April 23rd. Candidates must present themselves to the Principal to be registered at 11 A. M. on the previous day, Friday 22nd, bringing with them satisfactory certificates of character. There will be about twenty-seven vacancies in this class.

In consequence of the demand for Native Doctors speaking the Pushto language, it has been determined to keep eight vacancies in the Hindustani class for candidates from the frontier, who shall bring with them the necessary certificates of qualification. (*See* Brigade Order No. 26, dated 26th May, 1866, by the Brigadier General Commanding the Frontier Force.) The test examination for these trans-Indus students is held in their own districts, and their travelling expenses to Lahore are re-paid to them by Government on arrival. They ought to present themselves at the Medical School on April 30th.

The winter session of the School lasts from October 1st to March 31st. The summer session from April 1st to July 31st. Vacations:—A week at Christmas.

and the two months of August and September. The students of the Hindustani class do not all obtain leave during the whole of the vacations : a certain number of them are retained, at the discretion of the Principal, to carry on the work of the hospital.

FORM OF AGREEMENT OF THE LOCAL STUDENTS OF THE ENGLISH CLASS.

I, of the district, agree to study Medicine and Surgery at the Lahore Medical School, and to conform to the rules of the institution, for five years, on condition that rupees fifteen per mensem be paid to the Principal of the School for my education by the Deputy Commissioner of my district, and that I receive a monthly stipend or scholarship varying from Rs. 7 to 20. In consideration of the above, I further agree that, when the five years have expired, if I pass my final examination, I will at once return and report myself to the Deputy Commissioner for the time being of the district whence I came, and wait there for employment three months, at the end of which time, if I do not obtain employment in my own district, I shall be free to seek it elsewhere. If I leave the Medical School without permission of the Principal, or if I fail to return to my own district and wait the three months for employment, as above mentioned, I promise to refund to the Deputy Commissioner the whole of the money paid to the Medical School for my education.

I further promise that, if I leave before the profits to the Medical School, out of the money paid for my education, are sufficient to cover the cost of the stamp on this agreement and of the books supplied to me, I will refund this amount to the Principal.

FORM OF AGREEMENT OF LOCAL STUDENTS OF THE HINDUSTANI CLASS.

I, of the district, agree to study Medicine and Surgery at the Lahore Medical School, and to conform to the rules of the institution, for three years, on condition that Rs. 10 per mensem be paid to the Principal of the School for my education by the Deputy Commissioner of my district; that I receive, out of this, a monthly salary of Rs. 6, and whatever books the Principal may consider necessary for my education. In consideration of the above, I further agree that, when the three years have expired, if I pass my final examination, I will at once return and report myself to the Deputy Commissioner for the time being of the district whence I came, and wait there for employment three months, at the end of which time, if I do not obtain employment in my own district, I shall be free to seek it elsewhere. BENGAL CIVIL FUND.

At a Half-yearly General Meeting of Subscribers to the Bengal Civil Fund, held at the Town Hall, Calcutta, on Friday, the 28th January, 1870.

Present:—V. H. Schalch, Esq.; R. B. Chapman, Esq.; the Hon'ble Ashley Eden; H. Bell, Esq.; H. Taylor, Esq.; A. Mackenzie, Esq.; W. M. Souttar, Esq.; W. H. Verner, Esq.; H. S. Beadon, Esq.; and J. G. Charles, Esq.

V. H. Schalch, Esq., *in the Chair.*

Read the following Report submitted by the Managers:—

"The Managers submit their Proceedings for the past half-year for the consideration and sanction of the Meeting."

"Subject to the approval of Subscribers, they have admitted to the benefits of the Fund, under the New Rules, the following families:—

Mrs. Barnard	£300	"The widow and two children (one a posthumous child, who has since died) of the late Mr. A. C. Barnard, who died at Etawah on the 28th July last."
Two Children	" 60	
	£360	
Less one-sixth under Rule 7	" 60	
	£300	

Mrs. Jardine	£300	"The widow and child of the late Mr. R. Jardine, who died at Agra on the 9th September last."
Son	" 30	
	£330	
Less one-sixth under Rule 7	" 55	
	£275	

"Mr. Lowth, who retired on an annuity on the 1st May, 1856, has incurred the penalty prescribed in Article 37 (38) of the Rules, by having neglected for more than a year to pay the necessary subscription to keep up his interest to the contingent benefits of the Fund. Under Article 8 of the Rules, his subscription balance, at the time of his retirement, would have secured to his family only half benefits, even had he continued to pay subscriptions on his annuity. As Mr. Lowth contracted a marriage on the 22nd of October last, he is anxious to be restored to the full rights of a subscriber up to half benefits. His restoration will be dependent on the decision of the Meeting, and his case is submitted for consideration. It will of course be necessary for him to pay up all subscriptions with interest."

"The Managers regret that they are unable to lay before this Meeting the Actuary's report on the position of the Fund. They were led, by a letter from that gentleman, to expect this report by the end of November last, but from a recent communication from Messrs. Coutts & Co., it appears that it would not be ready till the end of the year 1869."

"The accounts of the past year 1868-69 are submitted."

Accounts.

Fort William, the 21st February, 1870.

No. 1221.—It has recently come to the knowledge of the Government of India that certain menial servants have been entertained for many years in one of the public Offices without any sanction, their salaries being charged during all that period as part of the contingent expenditure of the Office.

It appears necessary to remind all Officers, especially all Officers of Account and Audit, that Establishments of all kinds require the sanction of the Government, and that *no salaries* must on any account be charged or admitted as *contingent* expenditure.

The 22nd February, 1870.

No. 1274.—It has been brought to the notice of the Government of India that money indisputably due from and payable by the State is sometimes left unpaid, and money actually paid is sometimes not brought to account, because no grant of funds to cover the expenditure has been made.

Local Governments and Administrations, and all Officers of Account, are hereby informed that money indisputably payable should never be left unpaid, and that money paid should, under no circumstances, be kept out of the accounts a day longer than is absolutely necessary.

It in no way promotes economy to postpone inevitable payments, and it is an object of very great importance to ascertain, liquidate, and record the payment of all actual obligations at the earliest possible date.

It is the duty of all Officers of the Government, and especially of the Officers of the Financial Department, to promote the object by every means in their power.

This order is not to be read as inconsistent with the Order No. 3442, dated 17th September, 1869, which prohibited the admission by Accountants General of any expenditure, even though it be sanctioned, which is not provided for by specific assignment of funds. The object of that order was to prevent the admission of new charge or charges requiring sanction without the simultaneous provision of funds, not to forbid the payment of charges such as refunds, which must be paid whether sanctioned or not, and certainly not to authorize any delay in the *adjustment* of expenditure actually incurred. If *adjustment* cannot proceed for want of proper authority, immediate steps should be taken to obtain the needful authority.

Expenditure.

[PRINTING.]

Extract from a Resolution passed by the Government of India in the Financial Department, No. 1281, *dated Fort William, the 22nd February*, 1870.

PARA. 2.—His Excellency in Council takes this opportunity of reminding all Officers that tabular printing is very much more costly than letter-press. Tabular Statements are often very valuable and sometimes indispensable; but they should not be *prepared*, still less *printed*, unless a great many figures have to be shown, and great care should be taken to make them as little elaborate as is necessary for the object in view. The greater part of the Returns printed by the Board of Revenue consists of blank or almost blank columns. Their contents might have been described in a few paras. of the text of the Report.

3. Similar remarks are applicable to Returns received from other Provinces. The expenditure for Printing is fast increasing, and it is necessary that the most careful economy should be exercised in respect to it.

4. All Officers are enjoined to exercise a careful discretion in causing such Statements to be prepared and especially printed. The Superintendents of Government Presses will be held personally responsible for making due representations to the proper authority whenever it may appear to them that the cost of any tabular printing ordered will be incommensurate with the object, and that *blank tables* are never to be printed.

Ordered, that the above be published in the *Gazette of India* for the general information and guidance of all public Officers.

BOOK CIRCULAR,—No. VI.-555 of 1870.

From

W. Coldstream, Esq.,
Offg. Registrar of the Chief Court of the Punjab,

To

All Commissioners and Deputy Commissioners in the Punjab.

Dated Lahore, 8th March, 1870.

Chief Court of the Punjab.
Present:
C. R. Lindsay, Esquire, } *Judges.*
H. S. Cunningham, Esq., }

The Chief Court observes that the Lower Appellate Courts but seldom carry into effect the provisions of Section 359, Act VIII. of 1859, as to the form in which judgments shall be drawn up. That Section runs thus : "The judgment of the Appellate Court shall be pronounced in open Court. It shall contain the point or points for determination, the decision thereupon, and the reasons for the decision; and shall be dated and signed by the Judge or by the Judges concurring therein at the time of pronouncing it."

In other words, the judgment should be complete in itself, and give a concise account of the case between the parties,—intelligible not only to the superior Appellate Courts, but to the public.

2. The Chief Court trusts that after the receipt of this Circular the Lower Appellate Courts will strictly conform to the direction of the law.

By order of the Chief Court,
W. COLDSTREAM,
Offg. Registrar.

The 11*th March*, 1870.

No. 323.—The following reply of His Royal Highness the Duke of Edinburgh to the address presented by the Rajas, Sardárs, Raíses, and gentlemen of Lahore, is published for general information :—

To the Rajas, Sardars, Raises, and Gentlemen of Lahore.

GENTLEMEN,—I have received with much satisfaction the address which you have presented to me.

I rejoice that an opprotunity has been afforded me of receiving from you, in person, this warm expression of loyalty to the Queen, and of your appreciation of the advantages which you enjoy under her rule. I thank you, on Her Majesty's behalf, for the cordial assurance of attachment to her Throne and person which your address conveys, and for the hearty reception accorded to me, by all classes, as a member of the Royal Family.

I can assure you that the services rendered in past years by the brave population of the Punjab will never be forgotten. It is however only by cultivation of the arts of peace that nations can advance in all that constitutes real greatness, and I have learnt with much gratification that the distinguished Chiefs of Patiala, Jhind, and Nabha have resolved on founding a Scholarship in the Lahore University College. To the proposal made by them that my name may be associated therewith, I have readily given my consent.

I will not fail to communicate to Her Majesty the purport of your address, and I well know that she will be gratified by its tenor. I can assure you that she regards your Province with warm interest, and earnestly desires that a long future of peace and prosperity may be in store for you all.

No. 116.

With reference to Notification, No. 65, dated 4th February, announcing the publication of a revised edition of the Public Works Code, it is hereby notified for general information that the Superintendent of Government Printing has been instructed not to issue any copies without payment.

The present edition has all past standing orders incorporated in it, including those for the second half of 1869. Where paragraphs have been added by Standing Orders, they bear in the Code the numbers given to them in those orders, so that if the former edition has been corrected up to date, it will be as complete as the reprint. Hence it is not necessary to make as large a gratis issue as has hitherto been done.

A suitable number of copies may be obtained for the superior Offices of the Public Works Department. A copy may also be procured for each Divisional Office and for all Upper Subordinates and Lower Subordinates speaking English (if this is recommended by the Executive Engineers under whom they are serving) who have not already received a copy of the reprint.

These will all be charged for in the contingent bills, and Controllers will be responsible that no more copies are supplied at the public expense than are allowed in this notification.

Orders have been issued in the Financial and Military Departments to the Local Accountants General and to the Controller of Military Accounts not to pass charges for copies of the Code in any contingent bill, unless for a very few selected existing Offices, and to new Offices formed after the issue of the new edition to which copies are authorized to be supplied.

3. A special appeal lies on the ground of the decision of the lower Court being contrary to some law, or usage having the force of law, or of a substantial error or defect in law on the procedure or investigation of the case which may have produced error or defect in the decision of the case upon the merits, and on no other ground.

Section 372, Act VIII. of 1859.

4. The application shall set forth concisely the grounds of objection to the decision appealed against without argument or narrative; and such grounds shall be numbered consecutively. If the appeal be not drawn up in the manner laid down in Section 374, Act VIII. of 1859, or if it do not state any ground on which a special appeal will lie under Section 372, Act VIII. of 1859, the Court may reject the application, or return it to the party for the purpose of being corrected. A special appeal lies on the ground of the decision of the lower Court being contrary to some law, or usage having the force of law, or of a substantial error or defect in law on the procedure or investigation of the case which may have produced error or defect in the decision of the case upon the merits, and on no other ground.

Section 372, Act VIII. of 1859.

4. The application shall set forth concisely the grounds of objection to the decision appealed against without argument or narrative ; and such grounds shall be numbered consecutively. If the appeal be not drawn up in the manner laid down in Section 374, Act VIII. of 1859, or if it do not state any ground on which a special appeal will lie under Section 372, Act VIII. of 1859, the Court may reject the application, or return it to the party for the purpose of being corrected. 9. If the Court sees reason to think that the annual nett profits or the market-value of any such land, house, or garden as is mentioned in section, seven, paragraphs five and six, have or has been wrongly estimated, the Court may, for the purpose of computing the fee payable in any suit therein mentioned, issue a commission to any proper person directing him to make such local or other investigation as may be necessary, and to report thereon to the Court.

Power to ascertain nett profits or market-value.

10. i. If in the result of any such investigation the Court finds that the nett profits or market-value have or has been wrongly estimated, the Court, if the estimation has been excessive, may in its discretion refund the excess paid as such fee : but if the estimation has been insufficient, the Court shall require the plaintiff to pay so much additional fee as would have been payable had the said market-value or nett profits been rightly estimated.

Procedure where nett profits or market-value wrongly estimated.

ii. In such case the suit shall be stayed until the additional fee is paid. If the additional fee is not paid within such time as the Court shall fix, the suit shall be dismissed.

iii. Section one hundred and eighty of the Code of Civil Procedure shall be construed as if the words "the market-value of any property or" were inserted after the word "ascertaining," and as if the words "or annual nett profits" were inserted after the word "damages."

11. In suits for mesne profits or for immoveable property and mesne profits, or for an account, if the profits or amount decreed are or is in excess of the profits claimed or the amount at which the plantiff valued the relief sought, the decree shall not be executed until the difference between the fee actually paid and the fee which would have been payable had the suit comprised the whole of the profits or amount so decreed shall have been paid to the proper officer.

Procedure in suits for mesne profits or account when amount decreed exceeds amount claimed.

Where the amount of mesne profits is left to be ascertained in the course of the execution of the decree, if the profits so ascertained exceed the profits claimed, the further execution of the decree shall be stayed until the difference between the fee actually paid and the fee which would have been payable had the suit comprised the whole of the profits so ascertained is paid. If the additional fee is not paid within such time as the Court shall fix, the suit shall be dismissed.

12 i. Every question relating to valuation for the purpose of determining the amount of any fee chargeable under this chapter on a plaint or memorandum of appeal, shall be decided by the Court it which such plaint or memorandum, as the case may be, is filed, and such decision shall be final as between the parties to the suit :

ii. But whenever any such suit comes before a Court of appeal, reference, or revision, if such Court considers that the said question has been wrongly decided, to the detriment of the revenue, it shall require the party by whom such fee has been paid to pay so much additional fee as would have been payable had the question been rightly decided, and the provisions of section ten, paragraph ii, shall apply.

13. If an appeal or plaint, which has been rejected by the lower Court on any of the grounds mentioned in the Code of Civil Procedure, is ordered to be received, or if a suit is remanded in appeal, on any of the grounds mentioned in section three hundred and fifty-one of the same Code, for a second decision by the lower Court, the appellate Court shall grant to the appellant a certificate, authorizing him to receive back from the Collector the full amount of fee paid on the memorandum of appeal :

Refund of fee paid on memorandum of appeal.

Provided that if, in the case of a remand in appeal, the order of remand shall not cover the whole of the subject-matter of the suit, the certificate so granted shall not authorize the appellant to receive back more than so much fee as would have been originally payable on the part or parts of such subject-matter in respect whereof the suit has been remanded.

14. Where an aplication for a review of judgment is presented on or after the ninetieth day from the date of the decree, the Court, unless the delay was caused by the applicant's *laches*, may, in its discretion, grant him a certificate authorizing him to receive back from the Collector so much of the fee paid on the application as exceeds the fee which would have been payable had it been presented before such day.

Refund of fee on application for review of judgment.

15. Where an application for a review of judgment is admitted, and where, on the re-hearing, the Court reverses or modifies its former decision on the ground of mistake in law or fact, the applicant shall be entitled to a certificate from the Court authorizing him to receive back from the Collector so much of the fee paid on the plaint or memorandum of appeal as exceeds the fee payable on any other application to such Court under the second schedule to this Act, No. one, clause (*b*) or clause (*d*).

Refund where Court reverses or modifies its former decision on ground of mistake.

But nothing in the former part of this section shall entitle the applicant to such certificate where the reversal or modification is due, wholly

or in part, to fresh evidence which might have been produced at the original hearing.

16. When any appeal is presented to a Civil Court, not against the whole of a decision, but only against so much thereof as relates to a portion of the subject-matter of the suit, and, on the hearing of such appeal, the respondent takes, under section three hundred and forty-eight of the Code of Civil Procedure, an objection to any part of the said decision other than the part appealed against, the Court shall not hear such objection until the respondent shall have paid the additional fee which would have been payable had the appeal comprised the part of the decision so objected to.

Additional fee where respondent takes objection to unappealed part of decree.

17. Where a suit embraces two or more distinct subjects, the plaint or memorandum of appeal shall be chargeable with the aggregate amount of the fees to which the plaints or memoranda of appeal in suits embracing separately each of such subjects would be liable under this Act.

Multifarious suits.

Nothing in the former part of this section shall be deemed to affect the power conferred by the Code of Civil Procedure, section nine.

18. When the first or only examination of a person who complains of the offence of wrongful confinement, or of wrongful restraint, or of any offence other than an offence for which police officers may arrest without a warrant, and who has not already presented a petition on which a fee has been levied under this Act, is reduced to writing under the provisions of the Code of Criminal Procedure, the complainant shall pay a fee of eight annas, unless the Court thinks fit to remit such payment.

Pensions and Gratuities.

The 14th March, 1870.

No. 1795.—Read

The orders of this Department, Nos. 517 and 3272, dated respectively the 22nd January and 25th November, 1868, authorizing the grant of compassionate allowance to Government servants in inferior grades who may be thrown out of employment on reduction of establishment after completing thirty years' service, or pronounced by competent medical authorities to be unfit for further work after a service of 35 years.

RESOLUTION.—The Governor General in Council observes that the compassionate allowance prescribed in the above-mentioned order being fixed at Rs. 4 a month as the *maximum*, it is not intended that that amount should be assigned in all cases. Grants within the *maximum*, however, should be made on some fixed principle, and the claims of the majority being of an ordinary nature, His Excellency in Council thinks that, in such cases, it will be sufficient to assign an allowance of not more than one-half of pay. Accordingly the Governor General in Council is pleased to rule that ordinarily the grant of compassionate allowance under the orders of 22nd January and 25th November, 1868, shall not, within the maximum of Rs. 4 a month, exceed one-half of the pay in substantive post last held by the servant. Cases which may seem to merit more than the ordinary indulgence should be referred by the local Government or Administration concerned to the Government of India for consideration and orders.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*, and that copies thereof be furnished to the several Departments of the Government of India, the various local Governments and Administrations, the Director General of the Post Office of India, the Mint Master, Calcutta, the Head Commissioner of Paper Currency, the Comptroller General of Accounts, the several Accountants General, and the several Deputy Accountants General in independent charge.

The 17th March, 1870.

No. 1880.—Read the under-mentioned papers :—

Resolution of the Home Department, No. 794, dated 25th January, 1865, in which it has been ruled that " after the age of 55 years, no Military or Naval Officer or Uncovenanted Servant" (holding a gazetted appointment and receiving such appointment direct from Government) " shall be appointed to a new office in Civil employment, or shall be permitted to retain any such office which he has held for five years and upwards, except in special cases, which are to be referred for the decision of the Right Hon'ble the Secretary of State."

Resolution of the Financial Department, No. 3035, dated 7th December, 1869, in which it has been ruled that " in the cases of classified Officers of the Financial Department and all Officers similarly situated, promotion to a new class shall, for the purposes of the rule quoted above, be considered equivalent to a new office."

RESOLUTION.—The Governor General in Council is pleased to decide that the term " office" used in the Resolution of the 25th January, 1865, shall be held to refer not only to a substantive appointment, but to include an acting appointment as well. Necessarily, the term " promotion" in the Resolution of the 7th December, 1869, shall be held to include acting promotion.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*, and communicated to the other Departments of the Government of India, the various local Governments and Administrations, the Comptroller General of Accounts, the several Accountants General, the several Deputy Accountants General in independent charge, the Director General of the Post Office of India, the Mint Master, Calcutta, and the Head Commissioner of Paper Currency.

To

All Commissioners and Deputy Commissioners in the Punjab.

Dated Lahore, the 22nd March, 1870.

Chief Court of the Punjab.

Present :

C. R. Lindsay, Esquire, } *Judges.*
H. S. Cunningham, Esq., }

The Judges have observed that a practice obtains in some districts of striking off cases from the register of reported offences, on the application of the Police, on the ground that no offence has been actually committed. Such applications have at least in some districts been granted by the Magistrates with too great laxity.

2. Attention was called to this subject in the Criminal Report of the Province for 1868; but from a memorandum now before the Court of the numbers of cases so struck off in the various districts during the past year it is clear that great

diversity of practice exists, and there is room for the suspicion that applications to strike off cases are still too freely granted.

In one Division, where the matter has been tested by the revision of struck off cases, nearly 50 per cent. of the cases examined were found to have been wrongly struck off.

3. The Chief Court, at the request of the Hon'ble the Lieutenant-Governor, now directs Magistrates to exercise the greatest care in dealing with such applications, and to permit no case to be expunged from the register of offences admitted to have occurred until they are satisfied that the offence reported was not actually committed. Magistrates of districts should exercise a careful supervision over the procedure of their subordinates in this respect, and should enter in the column of remarks in quarterly Criminal Statement No. II. a report on the action of Magistrates in striking off cases, with reference to columns 3 and 4 of that Statement.

By order of the Chief Court,

W. COLDSTREAM,

Offg. Registrar.

Fee on memorandum of appeal against order relating to compensation.

8. The amount of fee payable under this Act on a memorandum of appeal against an order relating to compensation under any Act for the time being in force for the acquisition of land for public purposes, shall be computed according to the difference between the amount awarded and the amount claimed by the appellant.

Power to ascertain nett profits or market-value.

9. If the Court sees reason to think that the annual nett profits or the market-value of any such land, house, or garden as is mentioned in section, seven, paragraphs five and six, have or has been wrongly estimated, the Court may, for the purpose of computing the fee payable in any suit therein mentioned, issue a commission to any proper person directing him to make such local or other investigation as may be necessary, and to report thereon to the Court.

Procedure where nett profits or market-value wrongly estimated.

10. i. If in the result of any such investigation the Court finds that the nett profits or market-value have or has been wrongly estimated, the Court, if the estimation has been excessive, may in its discretion refund the excess paid as such fee: but if the estimation has been insufficient, the Court shall require the plaintiff to pay so much additional fee as would have been payable had the said market-value or nett profits been rightly estimated.

ii. In such case the suit shall be stayed until the additional fee is paid. If the additional fee is not paid within such time as the Court shall fix, the suit shall be dismissed.

iii. Section one hundred and eighty of the Code of Civil Procedure shall be construed as if the words "the market-value of any property or" were inserted after the word "ascertaining," and as if the words " or annual nett profits" were inserted after the word "damages."

Procedure in suits for mesne profits or account when amount decreed exceeds amount claimed.

11. In suits for mesne profits or for immoveable property and mesne profits, or for an account, if the profits or amount decreed are or is in excess of the profits claimed or the amount at which the plantiff valued the relief sought, the decree shall not be executed until the difference between the fee actually paid and the fee which would have been payable had the suit comprised the whole of the profits or amount so decreed shall have been paid to the proper officer.

Where the amount of mesne profits is left to be ascertained in the course of the execution of the decree, if the profits so ascertained exceed the profits claimed, the further execution of the decree shall be stayed until the difference between the fee actually paid and the fee which would have been payable had the suit comprised the whole of the profits so ascertained is paid. If the additional fee is not paid within such time as the Court shall fix, the suit shall be dismissed.

Decision of questions as to valuation.

12 i. Every question relating to valuation for the purpose of determining the amount of any fee chargeable under this chapter on a plaint or memorandum of appeal, shall be decided by the Court it which such plaint or memorandum, as the case may be, is filed, and such decision shall be final as between the parties to the suit:

ii. But whenever any such suit comes before a Court of appeal, reference, or revision, if such Court considers that the said question has been wrongly decided, to the detriment of the revenue, it shall require the party by whom such fee has been paid to pay so much additional fee as would have been payable had the question been rightly decided, and the provisions of section ten, paragraph ii, shall apply.

Refund of fee paid on memorandum of appeal.

13. If an appeal or plaint, which has been rejected by the lower Court on any of the grounds mentioned in the Code of Civil Procedure, is ordered to be received, or if a suit is remanded in appeal, on any of the grounds mentioned in section three hundred and fifty-one of the same Code, for a second decision by the lower Court, the appellate Court shall grant to the appellant a certificate, authorizing him to receive back from the Collector the full amount of fee paid on the memorandum of appeal:

Provided that if, in the case of a remand in appeal, the order of remand shall not cover the whole of the subject-matter of the suit, the certificate so granted shall not authorize the appellant to receive back more than so much fee as would have been originally payable on the part or parts of such subject-matter in respect whereof the suit has been remanded.

Refund of fee on application for review of judgment.

14. (2.) For the entertainment of any police force in excess of the ordinary fixed establishment of police, or for the entertainment of any officers or servants, for the purpose of preventing or detecting the murder of female infants in such district, or in or among such class, family, or persons, or for carrying out any of the provisions of this Act :

Power to place neglected children under supervision.

6. If it appears to the Magistrate of the District that any person to whom the notification mentioned in section one applies neglects to make proper provision for the maintenance of any female child for whose maintenance he is legally responsible, and that the life or health of such child is thereby endangered, such Magistrate may, in his discretion, place the child under such supervision as he may think proper, and shall, if necessary, remove the child from the custody of such person.

The Magistrate of the District may order him to make a monthly allowance for the maintenance of the child at such monthly rate not exceeding fifty rupees as to such Magistrate shall seem reasonable, and if such person wilfully neglects to comply with such order, such Magistrate may, for every breach of the order, by warrant direct the amount due to be levied in manner provided by section sixty-one of the Code of Criminal Procedure.

Nothing in this section shall affect the powers of Magistrates under section three hundred and sixteen of the same Code.

Extent of Act.

7. This Act shall, in the first instance, extend only to the North-Western Provinces, to the Punjab and to Oudh; but the Governor General of India in Council may by order extend it to any part of the territories (other than Oudh) under the immediate administration of the Government of India; and the Governor of Madras in Council, the Governor of Bombay in Council, and the Lieutenant-Governor of Bengal, may severally by order extend it to any part of the territories under their respective governments.

With reference to the communication from this Department noted on the margin, I am directed to forward for information the accompanying amended Rules for the encouragement of the study of oriental languages among junior members of the Bengal Civil Service. It will be observed that the principal change consists in the abolition of the preliminary examination in Arabic, Sanscrit, and Persian, which it has been found unnecessary to retain.

No. 2655, dated 24th July, 1867.

2. Opportunity has been taken of this revision of the Rules to consolidate the amendments which had been made since their first publication in June, 1867 ; and to add the Musnaviyat of Sauda and the Second Book of the Ramayana to the tests of High Proficiency in Hindoostanee and Hindee respectively, in order to assimilate the test to that prescribed in the case of Military Officers. This addition however will not be carried into effect till the examination of January, 1871.

The following amended Rules for the encouragement of the study of Oriental languages among the Junior Members of the Bengal Civil Service have been substituted for those notified under date 11th June, 1867, and are published for general information :—

I.—The "Rules for the examination and control of the newly appointed Members of the Bengal Civil Service," passed under date the 2nd October, 1861, are cancelled.

II.—The following Rules* are prescribed for the encouragement of the study of Oriental languages among the Junior Members of the Bengal Civil Service.

For Civil Servants attached to the Upper Provinces,—Hindoostanee or Persian ;

and it is not till after a Certificate of High Proficiency shall have been obtained in such language that a Civil Servant will be eligible to present himself for distinctions in other languages.

A Civil Servant shall be at liberty to present himself for examination in the obligatory and another language simultaneously, but no report of his proficiency in the *second* language shall be prepared, unless he is declared to have passed in the obligatory language.

V.—No Civil Servant will ordinarily be permitted to appear more than twice as a candidate at any examination ; but if a special recommendation be made by the Examiners, a candidate will be allowed to appear at a third examination.

VI.—No Civil Servant will be permitted to present himself for the High Proficiency or Honor Examinations after the expiration of seven and ten years, respectively, counted from the date of his first arrival in India. No exception will be made to this rule on account of leave or any other cause.

Fee on memorandum of appeal against order relating to compensation.

Power to ascertain nett profits or market-value.

9. If the Court sees reason to think that the annual nett profits or the market-value of any such land, house, or garden as is mentioned in section, seven, paragraphs five and six, have or has been wrongly estimated, the Court may, for the purpose of computing the fee payable in any suit therein mentioned, issue a commission to any proper person directing him to make such local or other investigation as may be necessary, and to report thereon to the Court.

Procedure where nett profits or market-value wrongly estimated.

10. i. If in the result of any such investigation the Court finds that the nett profits or market-value have or has been wrongly estimated, the Court, if the estimation has been excessive, may in its discretion refund the excess paid as such fee : but if the estimation has been insufficient, the Court shall require the plaintiff to pay so much additional fee as would have been payable had the said market-value or nett profits been rightly estimated.

ii. In such case the suit shall be stayed until the additional fee is paid. If the additional fee is not paid within such time as the Court shall fix, the suit shall be dismissed.

iii. Section one hundred and eighty of the Code of Civil Procedure shall be construed as if the words "the market-value of any property or" were inserted after the word "ascertaining," and as if the words " or annual nett profits" were inserted after the word "damages."

Procedure in suits for mesne profits or account when amount decreed exceeds amount claimed.

11. In suits for mesne profits or for immoveable property and mesne profits, or for an account, if the profits or amount decreed are or is in excess of the profits claimed or the amount at which the plantiff valued the relief sought, the decree shall not be executed until the difference between the fee actually paid and the fee which would have been payable had the suit comprised the whole of the profits or amount so decreed shall have been paid to the proper officer.

Where the amount of mesne profits is left to be ascertained in the course of the execution of the decree, if the profits so ascertained exceed the profits claimed, the further execution of the decree shall be stayed until the difference between the fee actually paid and the fee which would have been payable had the suit comprised the whole of the profits so ascertained is paid. If the additional fee is not paid within such time as the Court shall fix, the suit shall be dismissed.

Decision of questions as to valuation.

12 i. Every question relating to valuation for the purpose of determining the amount of any fee chargeable under this chapter on a plaint or memorandum of appeal, shall be decided by the Court it which such plaint or memorandum, as the case may be, is filed, and such decision shall be final as between the parties to the suit :

ii. But whenever any such suit comes before a Court of appeal, reference, or revision, if such Court considers that the said question has been wrongly decided, to the detriment of the revenue, it shall require the party by whom such fee has been paid to pay so much additional fee as would have been payable had the question been rightly decided, and the provisions of section ten, paragraph ii, shall apply.

Refund of fee paid on memorandum of appeal.

13. If an appeal or plaint, which has been rejected by the lower Court on any of the grounds mentioned in the Code of Civil Procedure, is ordered to be received, or if a suit is remanded in appeal, on any of the grounds mentioned in section three hundred and fifty-one of the same Code, for a second decision by the lower Court, the appellate Court shall grant to the appellant a certificate, authorizing him to receive back from the Collector the full amount of fee paid on the memorandum of appeal :

Provided that if, in the case of a remand in appeal, the order of remand shall not cover the whole of the subject-matter of the suit, the certificate so granted shall not authorize the appellant to receive back more than so much fee as would have been originally payable on the part or parts of such subject-matter in respect whereof the suit has been remanded.

Refund of fee on application for review of judgment.

14. Where an aplication for a review of judgment is presented on or after the ninetieth day from the date of the decree, the Court, unless the delay was caused by the applicant's *laches*, may, in its discretion, grant him a certificate authorizing him to receive back from the Collector so much of the fee paid on the application as exceeds the fee which would have been payable had it been presented before such day.

Refund where Court reverses or modifies its former decision on ground of mistake.

15. Where an application for a review of judgment is admitted, and where, on the re-hearing, the Court reverses or modifies its former decision on the ground of mistake in law or fact, the applicant shall be entitled to a certificate from the Court authorizing him to receive back from the Collector so much of the fee paid on the plaint or memorandum of appeal as exceeds the fee payable on any other application to such Court under the second schedule to this Act, No. one, clause (*b*) or clause (*d*).

But nothing in the former part of this section shall entitle the applicant to such certificate where the reversal or modification is due, wholly

or in part, to fresh evidence which might hav been produced at the original hearing.

Additional fee where respondent takes objection to unappealed part of decree.

16. When any appeal is presented to a Civil Court, not against the whole of a decision, but only against so much thereof as relates to a portion of the subject-matter of the suit, and, on the hearing of such appeal, the respondent takes, under section three hundred and forty-eight of the Code of Civil Procedure, an objection to any part of the said decision other than the part appealed against, the Court shall not hear such objection until the respondent shall have paid the additional fee which would have been payable had the appeal comprised the part of the decision so objected to.

Multifarious suits.

17. Where a suit embraces two or more distinct subjects, the plaint or memorandum of appeal shall be chargeable with the aggregate amount of the fees to which the plaints or memoranda of appeal in suits embracing separately each of such subjects would be liable under this Act.

Nothing in the former part of this section shall be deemed to affect the power conferred by the Code of Civil Procedure, section nine.

Written examinations of complainants.

18. When the first or only examination of a person who complains of the offence of wrongful confinement, or of wrongful restraint, or of any offence other than an offence for which police officers may arrest without a warrant, and who has not already presented a petition on which a fee has been levied under this Act, is reduced to writing under the provisions of the Code of Criminal Procedure, the complainant shall pay a fee of eight annas, unless the Court thinks fit to remit such payment.

Exemption of certain documents.

29. Whenever the Collector has reason to believe that, in assessing any person under this Act, any source of income or profits not specified in the receipt granted to him under section twenty-three has been overlooked, which source, if it had then been known to exist, would have increased the assessment, the Collector may cause a further notice to be served on such person, stating the amount to be paid in respect of such source, and the provisions contained in sections twenty-two to twenty-eight (both inclusive) shall apply to such notice and regulate the procedure thereunder.

No. 2420.—The Governor-General in Council is pleased to republish for information and guidance in the Civil Department the following General Order in the Military Department, No. 152, dated 1st February, 1870:—

With reference to paragraphs 33 and 36 of G. G. O. No. 550, of 5th June, 1868, the Right Hon'ble the Governor-General of India in Council is pleased to direct the observance of the following rules regarding the future position and prospects of Native Medical Subordinates:—

1. Native Medical Subordinates placed at the disposal of Local Governments and Administrations may be employed by them at such places and in such posts as may be considered desirable

without any further reference to the Government of India or to the Governments of Madras and Bombay, as the case may be, by whom, however, the first appointment of men to the several establishments, and their subsequent promotion therein, will continue to be made as heretofore.

2. All Native Doctors, Hospital Assistants, or equivalent grades now on the Medical Subordinate Establishment at any of the three Presidencies, who having passed the requisite examination at any of the Medical Colleges or recognized Institutions have been admitted by Government into the service in either civil or military employ, and all those who, having passed the prescribed local examinations, may have been admitted into the service in General Orders by the Commander-in-Chief, will be eligible for transfer to the establishment of Hospital Assistants, and will be graded as such, according, in the first instance, to their present standing,—their further promotion being dependent on length of service and tested professional qualifications.

3. Other Native Doctors, including all in purely local or temporary employ, will continue to bear that designation, and their employment will be confined to subordinate civil duties. If in future it be found necessary to employ such men temporarily in appointments to which staff pay is attached, they will be so employed on the same footing and under the same conditions as heretofore.

4. Native Doctors transferred to the Establishment of Hospital Assistants will receive the lower rate of pay prescribed in G. G. O. No. 550, of 5th June, 1868, until it shall be certified in each case that the individual possesses the qualifications in English laid down in G. G. O. No. 945, of 7th October, 1868, when the higher rate of pay granted in the former G. O. will be passed to him. Any allowance previously drawn for qualification in English will be considered as merged in the lower rate of grade pay now sanctioned for Hospital Assistants, but those at present drawing higher aggregate allowances will be secured from loss.

5. All future appointments to the grade of Hospital Assistants must be made from that of passed medical pupils, as provided in G. G. O. No. 550, of 5th June, 1868, and all members of the establishment referred to in that order will be enlisted for, and will be liable to, military duty if required, although their ordinary employment may be purely civil.

6. Hospital Assistants in civil employ when holding independent charges of peculiar importance and unusual responsibility, and Hospital Assistants, whether in civil or military employ, when the number of those constituting the charge amounts to more than 750 men, will be allowed an extra charge allowance in addition to the new scale of grade pay; but this indulgence should be carefully restricted to cases of the nature specified. As regards the exact amount of such allowances, and the precise nature of the charge that will entitle to it, general regulations will hereafter be laid down.

7. This order is applicable to all three Presidencies.

Leave and Allowances.

The 2nd April, 1870.

No. 2352.—The Governor-General in Council is pleased to direct that whenever a public officer on leave in England obtains permission from the Secretary of State for India to return to duty, he should bring with him to India a certificate, showing the date up to which his absentee allowances have been issued at the India House, London.

The 4th April, 1870.

No. 2378.—With reference to the Notification of this Department No. 379, dated the 18th January, 1870, the Governor-General in Council is pleased to rule that, when furlough is taken out of India, the days of embarkation and debarkation shall be included in the period of furlough, and no more than furlough pay shall be allowed for those days.

The 8th April, 1870.

No. 2444.—The following letter to the address of the Accountant-General, North-Western Provinces, No. 2444, dated the 8th April, 1870, is published for general information :—

I am directed to acknowledge the receipt of Deputy Accountant-General Mr. Eede's letter No. $\frac{A}{23987}$, of the 17th ultimo, submitting for orders, with reference to this Department's Resolution No. 2657, of the 23rd December last, the question whether a Covenanted Civil Officer who returned from furlough after the 23rd November, 1869, can draw, under Rule II. of the Rules regarding acting allowances, 50 per cent. of the pay of the appointment in which he is officiating, in addition to the subsistence allowance of his rank.

2. In reply, I am directed to answer this question in the affirmative.

3. The supposition expressed in the 3rd paragraph of your letter that the 2-3rds Rule does not apply to cases of subsistence allowances, is correct.

No. 2449.—The following letter to the address of the Accountant-General, Madras, No. 2449 dated the 8th April, 1870, is published for general information :—

I am directed to acknowledge the receipt of your letter No. 245, dated 5th March, 1870, enquiring whether, in the case of an officer who has been appointed to a permanent office while holding an acting appointment, but prevented on public grounds from joining the new office, it is necessary if he proceeds on furlough that he should assume charge of that office previous to the furlough being availed of, with a view to retain his lien upon it.

2. In reply, I am desired to say that in accordance with the principle of the ruling which has recently issued,—*viz.*, that an officer who, while acting in any appointment, is transferred to another substantive appointment, without ceasing to act, need not join his new substantive appointment in order to obtain the pay attached thereto,—the Governor-General in Council is pleased to declare that such officer proceeding on leave must in all respects be dealt with as if he had joined his new substantive appointment.

Pensions and Gratuities.

The 7th April, 1870.

No. 2440.—The following letter to the address of the Chief Secretary to the Government of Fort St. George, No. 2440, dated the 7th April, 1870, is published for general information:—

I am directed to acknowledge the receipt of your letter No. 128, dated 14th March, 1870, soliciting the confirmation of the Government of India to the grant of a pension to Mr. A. G. Petersen, late Head Accountant and Manager in the Madras Mint.

2. Mr. Petersen's service in the Mint terminated on the 14th August, 1869, when the Mint was abolished. In addition to his appointment in the Mint, Mr. Petersen held the office of Manager of the Stamp Department, and this office, the salary of which is much less than that of the Mint appointment,—*viz.*, Rs. 50 a month—he still continues to hold. Mr. Petersen holds also another appointment, created since the abolition of the Mint,—*viz.*, that of Accountant in the Bullion Depôt, the salary of which is Rs. 100 a month.

3. In consequence of the loss of his appointment in the Mint, the salary of which was Rs. 250 a month, the Government of Madras has allowed Mr. Petersen the usual pension prescribed for Government servants who are discharged in consequence of the abolition of their offices. But, as observed by the local Government, the grant of the pension is not provided by the strict rules, and involves a principle both new and important,—*viz.*, that a servant holding several posts, one of which is abolished, may be allowed pension or gratuity, as the case may be, calculated on the salary relinquished on the abolition.

4. The Governor-General in Council, therefore, while confirming the orders of the Government of Madras in the present instance, desires that all such cases as that of Mr. Petersen be referred for the previous orders of the Government of India.

SEPARATE REVENUE.

Assessed Taxes.

The 7th April, 1870.

No. 2436.—Read—

An endorsement from the Public Works Department, No. 463, dated 29th March, 1870, forwarding, for consideration and orders, a letter from the Accountant-General, Public Works Department, enquiring whether the moiety of pay drawn by a clerk on leave is subject to the Income Tax when less than Rs. 41-10-8 per mensem.

Observation.—The Governor-General in Council observes that the tax under Part II, Act IX. of 1869, is not an annual tax, but a tax on payments as they are made. If at any time the rate of payment is less than Rs. 41-10-8 per mensem, it is exempt from the tax. Accordingly, the clerk on leave, whose absentee pay is at a less rate than Rs. 41-10-8, is exempt from Income Tax in respect of that pay.

Ordered that the above be published in the *Gazette of India*, for general information.

The 8th April, 1870.

No. 2471.—Resolution.—The Governor-General in Council, in exercise of the powers conferred upon him by the Indian Income Tax Act (XVI. of 1870), and of all other powers enabling him in this behalf, is pleased to prescribe the following rules for the guidance of officers in matters connected with the enforcement of the said Act:—

1.—The present Act is based generally on Act IX. of 1869, and the rules issued in Notification No. 1888, dated the 24th March, 1869, with the exception of paras. 19 and 21, and the last three paras., prescribing Forms, Registers and Returns, shall be held, *mutatis mutandis*, applicable to the present Act. There are some important modifications and additions to which His Excellency in Council desires to draw particular attention.

2.—The rate of duty is not fixed as heretofore at a percentage of the income, but at six pies in the rupee. Half the number of rupees of income, therefore, represents the tax in annas.

3.—As the Act was not passed until after the 1st April, 1870, in the majority of cases the duties leviable in April under Part II. on salaries, annuities, and pensions will have been made at one per cent. under Part II. of Act IX. of 1869. Section 10 of the present Act provides for the deficiency between the duties at that rate and the duties at the rate of six pies in the rupee being deducted from pay, annuity, or pension chargeable in subsequent months. For instance, on a salary of Rs. 100 the duty at six pies in the rupee is Rs. 3-2. If only Re. 1 is deducted from the March salary, Rs. 5-4 should be deducted from the April salary.

4.—The schedule according to which assessments are to be made under Part IV. has been altered. Under that schedule only incomes below Rs. 2,000 will be assessed by classification. On incomes of Rs. 2,000 and upwards, the duty will be assessed at six pies in the rupee.

5.—Sections 15 and 16 are new. Collectors should serve the persons therein described with the notice and form of return referred to in section 17.

6.—Sections 17 and 18 are also new and important. It will be observed that under them the Collector is empowered to serve on any person whom he may consider chargeable under Part IV., a form of return to be filled in and signed by the person so served. In the case of persons whose income is estimated by the Collector at less than Rs. 2,000, the service of this form is optional, but the Collector cannot assess any person on an income of Rs. 2,000 or upwards without having first served on him the form of return. The period fixed in the notice should not be less than seven days.

7.—The power to call for a list of lodgers, &c., conferred on the Collector by section 19, will, it is believed, materially assist him in discovering persons chargeable under the Act.

8.—The penalty for not making a return when called upon to do so by the Collector under section 17, will be found in the proviso attached to section 25. The person assessed in this case cannot petition against the assessment "unless he shall satisfy the Collector that he had a sufficient excuse for not making such return."

9.—Section 32 provides the penalties for false statements in any declaration, list, or petition.

10.—Section 36 provides that all the duties under Parts III. and IV. are payable in four quarterly instalments.

11.—A paper containing the following instructions should accompany the notice served under section 17 :—

"In the case of a firm, the ordinary designation of the firm should be entered in column 1.

"If the person or firm making the return has several places of residence or business, they should be all mentioned in column 2, the principal place of business or residence being specified.

"In column 4 every separate source of income or profits accruing and arising in British India should be entered in detail. Salaries, pensions, and annuities paid by Government or by a Company or by a Municipal or other public body or association not being a Company, should be omitted, as they are chargeable under Part II. Shares in any Company or Association carrying on business in British India whose stock or funds is or are divided into shares and transferable, should also be omitted, as the profits of such Companies are chargeable under Part III.

Fort William, the 2*nd April,* 1870.

No. 134.

The following Notification in the Financial Department is re-published for information and guidance in the Public Works Department.

No. 1795.

Fort William, the 14*th March,* 1870.

READ—The orders of this Department Nos. 517 and 3272, dated respectively the 22nd January and 25th November, 1868, authorizing the grant of compassionate allowance to Government servants in inferior grades who may be thrown out of employment on reduction of establishment after completing thirty years' service, or pronounced by competent medical authority to be unfit for further work after a service of thirty-five years.

Resolution.—The Governor-General in Council observes that the compassionate allowance prescribed in the above-mentioned order being fixed at Rs. four a month as the *maximum*, it is not intended that that amount should be assigned in all cases. Grants with the maximum, however, should be made on some fixed principle, and the claims of the majority being of an ordinary nature, His Excellency in Council thinks that in such cases it will be sufficient to assign an allowance of not more than one half of pay. Accordingly, the Governor-General in Council is pleased to rule that ordinarily the grant of compassionate allowance under the orders of 22nd January and 25th November, 1868, shall not, within the maximum of Rs. four a month, exceed one half of the pay in substantive post last held by the servant. Cases which may seem to merit more than the ordinary indulgence should be referred by the Local Government or Administration concerned to the Government of India, for consideration and orders.

Ordered that the foregoing Resolution be published in the *Gazette of India*, and that copies thereof be furnished to the several Departments of the Government of India, the various Local Governments and Administrations, the Director-General of the Post Office of India, the Mint-Master, Calcutta, the Head Commissioner of Paper Currency, the Comptroller-General of Accounts, the several Accountants-General, and the several Deputy Accountants-General in independent charge.

Fort William, the 14th March, 1870.

The Governor-General in Council is pleased to lay down the following rules to meet the cases of officers in the Civil Departments who overstay subsidiary or preparatory leave prefixed to furlough or special leave on private affairs out of India:—

If an officer overstay his subsidiary or preparatory leave by a period not exceeding thirty days, he shall have the option of forfeiting all salary during the period of such overstay, or of cancelling the subsidiary or preparatory leave and reckoning his furlough or other leave to which the subsidiary or preparatory leave is prefixed from the date of quitting his office; but if the period of overstay exceed thirty days, such option shall not be granted, and the furlough or other leave shall be held to have commenced from the date of the officer quitting his office, and the subsidiary leave shall be cancelled.

In case the officer is not entitled to the furlough or other leave on the date of quitting his office, a special report must be made to Government.

These orders shall be held to apply to preparatory leave under the rules for the Uncovenanted Service.

In case any person so interested resides elsewhere, and has no such agent, the notice shall be sent to him by post.

Power to require statements as to names and interests.

10. The Collector may also require any such person to deliver to him a statement containing, so far as may be practicable, the name of every other person possessing any interest in the land, or any part thereof, as co-proprietor, sub-proprietor, mortgagee, tenant, or otherwise, and of the nature of such interest, and of the rents and profits (if any) received or receivable on account thereof for the year next preceding the date of the statement.

Persons required to make statements to be deemed legally bound to do so.

Postponement of enquiry.

12. The Collector may, if no claimant attends pursuant to the notice, or if for any other cause he thinks fit, from time to time postpone the enquiry to a day to be fixed by him.

Matters to be considered and matters to be neglected.

13. In determining the amount of compensation the Collector shall take into consideration the matters mentioned in section twenty-four, and shall not take into consideration any of the matters mentioned in section twenty-five.

Award by Collector.

Award in case of agreement as to compensation.

14. If the Collector and the persons interested agree as to the amount of compensation to be allowed, the Collector shall make an award under his hand for the same.

Such award shall be filed in the Collector's office, and shall be conclusive evidence, as between the Collector and the persons interested, of the value of the land and the amount of compensation allowed for the same.

Reference where no claimant attends, or if Collector and persons interested cannot agree.

15. When the Collector proceeds to make the enquiry as aforesaid, whether on the day originally fixed for the enquiry or on the day to which it may have been postponed,

if no claimant attends,

or if the Collector considers that further enquiry as to the nature of the claim ought to be made by the Court,

or if any person whom the Collector has reason to think interested does not attend,

or if the Collector is unable to agree with the persons interested who have attended in pursuance of the notice as to the amount of compensation to be allowed,

or if upon the said enquiry any question respecting the title to the land or any rights thereto or interests therein arise between or among two or more persons making conflicting claims in respect thereof,

the Collector shall refer the matter to the determination of the Court in manner hereinafter appearing.

Taking Possession.

Power to take possession.

16. When the Collector has made an award under section fourteen, or a reference to the Court under section fifteen, he may take possession of the land, which shall thereupon vest absolutely in the Government free from all encumbrances.

Power to take possession in cases of urgency.

17. In cases of urgency, whenever the Local Government so directs, the Collector (though no such reference has been directed or award made) may, on the expiration of fifteen days from the publication of the notice mentioned in the first paragraph of section nine, take possession of any waste or arable land needed for public purposes or for a Company.

Such land shall thereupon vest absolutely in the Government, free from all encumbrances.

WITH the view of facilitating the purchase of the published *Lithographed*, *Photozincographed*, and *Engraved* Maps of the Survey of India, the undersigned notifies, for general information, that Agents have been appointed under each of the Local Governments and Jurisdictions as below specified, from whom all available maps will in future be procurable on application, either by sale or on the public service, as the case may be.

2. It is particularly requested that purchasers and officials in each jurisdiction will apply in the first instance to the local Agent for such maps as they may require, and, on failing to receive the same, then Messrs Thacker, Spink and Co., St. Andrew's Library, sole Agents in Calcutta, should be addressed for those required on sale, or the Registrar of the Surveyor General's Office at Calcutta for those required on the public service. By obtaining maps on the spot, or at the shortest distances, it is hoped delay and inconvenience, as well as postage, will be spared.

3. Local Agents will supply maps gratis on the *public service* when the requisition is supported by competent authority; but the cost of mounting, binding, and packing must be borne by official applicants. Under the new Postal Rules, banghy charges cannot be met by the Survey Department.

7. Maps mounted on wooden rollers cannot be forwarded to out-stations; but they can be sent mounted on cloth, uncut, and ready to nail on to the wood.

8. Maps exceeding three feet in length cannot be despatched by banghy dawk.

9. When lithographed District Maps, on the scale of 4 miles=1 inch, are applied for, which may not then be available, the engraved sheets of the Indian Atlas containing the required districts, or any other good map of the same country, will be sent.

10. The engraved sheets of the Atlas of India, size 3 ft. 4½ inches by 2 ft. 3½ inches, scale ¼ inch to the mile, are available to the extent represented on the Index Map, registered at St. Andrew's Library, and as published in the *Gazette of India* dated the 25th September, 1869.—Price 2 Rs. each sheet unmounted. The Court shall also cause a notice to be served on the Collector and each of such persons requiring them to appoint, on or before a day to be therein mentioned, two qualified assessors (one to be nominated by the Collector, and the other by the persons interested) for the purpose of aiding the Judge in determining the amount of the compensation.

If no claimant has attended pursuant to the notice mentioned in section nine, the Court shall cause to be affixed on some conspicuous place on or near the land needed a notice to the effect that, if the persons interested in such land do not, on or before a day to be therein mentioned, appear in Court and state the nature of their respective interests in the land and the amount and particulars of their claims to compensation, and nominate a qualified assessor, the Court will proceed to determine such amount.

Power to appoint an assessor.

20. In case of failure to nominate either of such assessors within the time so specified, the Judge shall himself appoint an assessor in his stead.

Secondly, the damage (if any) sustained by the person interested, at the time of awarding compensation, by reason of severing such land from his other land;

Thirdly, the damage (if any) sustained by the person interested, at the time of awarding compensation, by reason of the acquisition injuriously affecting his other property, whether moveable or immoveable, in any other manner, or his earnings; and

Fourthly, if, in consequence of the acquisition, he is compelled to change his residence, the reasonable expenses (if any) incidental to such change.

Matters to be neglected in determining compensation.

25. But the Judge or assessors shall not take into consideration—

First, the degree of urgency which has led to the acquisition;

Secondly, any disinclination of the person interested to part with the land acquired;

Thirdly, any damage sustained by him which, if caused by a private person, would not render such person liable to a suit;

Fourthly, any damage which, after the time of awarding compensation, is likely to be caused by or in consequence of the use to which the land acquired will be put;

Fifthly, any increase to the value of the land acquired likely to accrue from the use to which it will be put when acquired;

Sixthly, any increase to the value of the other land of the person interested, likely to accrue from the use to which the land acquired will be put; or

35. If the Judge differs from both the assessors as to the amount of compensation, he shall pronounce his decision, and the Collector or the person interested (as the case may be) may appeal therefrom to the Court of the District Judge, unless the Judge whose decision is appealed from is the District Judge, or unless the amount which the Judge proposes to award exceeds five thousand rupees, in either of which cases the appeal shall lie to the High Court.

No. 788.—The following Treaty between the British Government and His Highness Maharaja Runbeer Sing, G.C.S.I., Maharaja of Jummoo and Cashmere, is published for general information :—

Treaty between the British Government and HIS HIGHNESS MAHARAJA RUNBEER SING, G.C.S.I., *Maharaja of Jummoo and Cashmere, his heirs and successors, executed on the one part by* THOMAS DOUGLAS FORSYTH, C.B., *in virtue of the full powers vested in him by His Excellency the Right Hon'ble* RICHARD SOUTHWELL BOURKE, *Earl of Mayo, Viscount Mayo of Monycrower, Baron Naas of Naas,* K.P., G.M.S.I., P.C., *&c., &c., &c., Viceroy and Governor-General of India, and on the other part by* HIS HIGHNESS MAHARAJA RUNBEER SING, *aforesaid, in person.*

WHEREAS in the interest of the high contracting parties and their respective subjects, it is deemed desirable to afford greater facilities than at present exist for the developement and security of trade with Central Asia, the following Articles have, with this object, been agreed upon :—

ARTICLE I.

With the consent of the Maharaja, officers of the British Government will be appointed to survey the trade-routes through the Maharaja's territories from the British frontier of Lahoul to the territories of the Ruler of Yarkand, including the route *viâ* the Chang Chemoo Valley. The Maharaja will depute an officer of his Government to accompany the Surveyors, and will render them all the assistance in his power. A map of the routes surveyed will be made, an attested copy of which will be given to the Maharaja.

ARTICLE II.

Whichever route towards the Chang Chemoo Valley shall, after examination and survey as

above, be declared by the British Government to be the best suited for the developement of trade with Central Asia, shall be declared by the Maharaja to be a free highway in perpetuity and at all times for all travellers and traders.

ARTICLE III.

For the supervision and maintenance of the road in its entire length through the Maharaja's territories, the regulation of traffic on the free highway described in Article II., the enforcement of regulations that may be hereafter agreed upon, and the settlement of disputes between carriers, traders, travellers, or others using that road, in which either of the parties or both of them are subjects of the British Government or of any foreign State, two Commissioners shall be annually appointed, one by the British Government and the other by the Maharaja. In the discharge of their duties and as regards the period of their residence, the Commissioners shall be guided by such rules as are now separately framed, and may from time to time hereafter be laid down by the joint authority of the British Government and the Maharaja.

ARTICLE IV.

The jurisdiction of the Commissioners shall be defined by a line on each side of the road at a maximum width of two Statute *kos*, except where it may be deemed by the Commissioners necessary to include a wider extent for grazing grounds. Within this maximum width, the Surveyors appointed under Article I. shall demarcate and map the limits of jurisdiction which may be decided on by the Commissioners as most suitable, including grazing grounds; and the jurisdiction of the Commissioners shall not extend beyond the limits so demarcated. The land included within these limits shall remain in the Maharaja's independent possession; and, subject to the stipulations contained in this Treaty, the Maharaja shall continue to possess the same rights of full sovereignty therein as in any other part of his territories, which rights shall not be interfered with in any way by the Joint Commissioners.

ARTICLE V.

The Maharaja agrees to give all possible assistance in enforcing the decisions of the Commissioners, and in preventing the breach or evasion of the Regulations established under Article III.

ARTICLE VI.

The Maharaja agrees that any person, whether a subject of the British Government, or of the Maharaja, or of the Ruler of Yarkand, or of any foreign State, may settle at any place within the jurisdiction of the two Commissioners, and may provide, keep, maintain, and let for hire at different stages, the means of carriage and transport for the purposes of trade.

ARTICLE VII.

The two Commissioners shall be empowered to establish supply depôts, and to authorize other persons to establish supply depôts at such places on the road as may appear to them suitable; to fix the rates at which provisions shall be sold to traders, carriers, settlers, and others, and to fix the rent to be charged for the use of any rest-houses or serais that may be established on the road. The officers of the British Government in Kullu, &c., and the officers of the Maharaja in Ladakh, shall be instructed to use their best endeavours to supply provisions on the indent of the Commissioners at market rates.

ARTICLE VIII.

The Maharaja agrees to levy no transit duty whatever on the aforesaid free highway; and the Maharaja further agrees to abolish all transit duties levied within his territories on goods transmitted in bond through His Highness' territories from Central Asia to India and *vice versâ* on which bulk may not be broken within the territories of His Highness. On goods imported into, or exported from, His Highness' territory, whether by the aforesaid free highway or any other route, the Maharaja may levy such import or export duties as he may think fit.

ARTICLE IX.

The British Government agree to levy no duty on goods transmitted in bond through British India to Central Asia, or to the territories of His Highness the Maharaja. The British Government further agree to abolish the export duties now levied on shawls and other textile fabrics manufactured in the territories of the Maharaja, and exported to countries beyond the limits of British India.

ARTICLE X.

This Treaty, consisting of 10 Articles, has this day been concluded by Thomas Douglas Forsyth, C.B., in virtue of the full powers vested in him by His Excellency the Right Hon'ble Richard Southwell Bourke, Earl of Mayo, Viscount Mayo of Monycrower, Baron Naas of Naas, K. P., G.M.S.I., P.C., &c., &c., Viceroy and Governor-General of India, on the part of the British Government, and by Maharaja Runbeer Sing, aforesaid; and it is agreed that a copy of this Treaty, duly ratified by His Excellency the Viceroy and Governor-General of India, shall be delivered to the Maharaja on or before the 7th September, 1870.

THE following Rules for the guidance of the Joint Commissioners appointed under Article III. of

the above Treaty, are published for general information :—

Rules for the guidance of the Joint Commissioners appointed for the new route to Eastern Turkistan.

I.—As it is impossible, owing to the character of the climate, to retain the Commissioners throughout the year, the period during which they shall exercise their authority shall be taken to commence on 15th May, and to end on 1st December, or till such further time as the passage of traders renders their residence on the road necessary.

II.—During the absence of either Commissioner, cases may be heard and decided by the other Commissioner, subject to appeal to the Joint Commissioners.

III.—In the months when the Joint Commissioners are absent—*i. e.*, between 1st December and 15th May—or the dates that may hereafter be determined, all cases which may arise shall be decided by the Wuzeer of Ladakh, subject to appeal to the Joint Commissioners.

IV .— The Joint Commissioners shall not interfere in cases other than those which affect the developement, freedom, and safety of the trade, and the objects for which the Treaty is concluded, and in which one of the parties or both are either British subjects or subjects of a foreign State.

V.—In civil disputes the Commissioners shall have power to dispose of all cases, whatever be the value of the property in litigation.

VI.—When the Commissioners agree, their decision shall be final in all cases. When they are unable to agree, the parties shall have the right of nominating a single arbitrator, and shall bind themselves in writing to abide by his award. Should the parties not be able to agree upon a single arbitrator, each party shall name one, and the two Commissioners shall name a third, and the decision of the majority of the arbitrators shall be final.

VII.—In criminal cases of the kind referred to in clause 4, the powers of the Commissioners shall be limited to offences such as in British territory would be tried by a Subordinate Magistrate of the first Class, and, as far as possible, the procedure of the Criminal Procedure Code shall be followed. Cases of a more heinous kind, and of offences against the special laws regarding religion in Cashmere, should be made over to the Maharja for trial if the accused be not an European British subject; in the latter case, he should be forwarded to the nearest British Court of competent jurisdiction for trial.

VIII.—All fines levied in criminal cases and all stamp receipts levied according to the rates in force for civil suits in the Maharaja's dominions shall be credited to the Cashmere Treasury. Persons sentenced to imprisonment shall, if British subjects, be sent to the nearest British Jail. If not British subjects, the offenders shall be made over for imprisonment in the Maharaja's jails.

IX.—If any places come within the line of road from which the towns of Leh, &c., are supplied with fuel, or wood for building purposes, the Joint Commissioners shall so arrange with the Wuzeer of Ladakh that those supplies are not interfered with.

X.—Whatever transactions take place within the limits of the road shall be considered to refer to goods in bond. If a trader opens his load and disposes of a portion, he shall not be subject to any duty, so long as the goods are not taken for consumption into the Maharaja's territory across the line of road. And goods left for any length of time in the line of road subject to the jurisdiction of the Commissioners shall be free.

XI.—Where a village lies within the jurisdiction of the Joint Commissioners, then, as regards the collection of revenue, or in any case where there is necessity for the interference of the usual Revenue authorities, in matters having no connection with trade, the Joint Commissioners have no power whatever to interfere; but, to prevent misunderstanding, it is advisable that the Revenue officials should first communicate with the Joint Commissioners before proceeding to take action against any person within their jurisdiction. The Joint Commissioners can then exercise their discretion to deliver up the person sought, or to make a summary enquiry to ascertain whether their interference is necessary or not.

XII.—The Maharaja agrees to give Rs. 5,000 this year for the construction of the road and bridges, and in future years His Highness agrees to give Rs. 2,000 per annum for the maintenance of the road and bridges. Similarly, for the repairs of serais, a sum of of Rs. 100 per annum for each serai will be given.

Should further expenditure be necessary, the Joint Commissioners will submit a special report to the Maharaja, and ask for a specific grant. This money will be expended by the Joint Commissioners, who will employ free labor at market rates for this purpose. The officers in Ladakh and in British territory shall be instructed to use their best endeavours to supply laborers on the indent of the Commissioners at market rates. No tolls shall be levied on the bridges on this line of road.

XIII.—As a temporary arrangement, and until the line of road has been demarcated, or till the end of this year, the Joint Commissioners shall exercise the powers described in these rules over the several roads taken by the traders through Ladakh from Lahoul and Spiti.

2. The business of the District Savings Bank will be conducted by the Officer in charge of the Treasury.

3. Where such a course is thought desirable, a Committee, to be nominated by the Commissioner of the division, may be appointed to aid in the management and supervision of the affairs of the Bank.

4. The Collector, or the Committee where there is one, may frame general Rules relating to the business of the Bank.

5. Such Rules must contain nothing inconsistent with the general directions now given, and a copy of the Rules must be sent for approval to the Accountant-General of the Presidency or Province; and in the case of Bengal, North-Western Provinces, Punjab, Central Provinces, Oudh, British Burmah, and Berar, a second copy must be sent to the Comptroller-General of Accounts.

6. Every District Savings Bank must be open for business on Monday* of every week, and on each occasion on which the Bank is required to be open under this rule, the time allowed for business must be not less than an hour.

* Any other day may be fixed, if more convenient.

7. Where there is a Committee, the Committee should be present at the hour of business on one fixed day in each month.

8. An acknowledgment will be given in the Pass Book, signed by the Savings Bank Clerk, and countersigned by the Treasury Officer or by a Member of the Committee, for every sum deposited.

9. On every occasion of a withdrawal, the depositor will be required to produce his Pass Book and to sign the Payment Sheet (Form IV.).

10. In cases in which the personal attendance of a depositor is dispensed with, he will be required to send a cheque on a form supplied by the Bank for the amount withdrawn, and the person who actually receives payment will sign the Payment Sheet.

11. The net amount of the day's receipts must be paid into the Treasury the same day if practicable; otherwise on the following morning.

12. Should it be necessary to draw money from the Treasury to meet applications for the withdrawal of deposits, the amount required should be drawn on an *interim* receipt, and at the close of business the balance should be returned, and a final receipt given for the exact net amount of the day's payments.

13. *Accounts, &c.*—The Savings Bank Clerk will enter all receipts and payments of deposits at the time of their occurrence in the journals of receipts and payments.

Forms I. and II.

14. The same particulars are to be entered in separate sheets for transmission by the same day's post to the Central Office.

Forms III. and IV.

15. The Form of Ledger will be supplied in printed sheets.

Form V.

16. The Ledgers must be posted as soon as practicable after each occasion that the Bank has been open for business.

17. At the end of each month, a statement (Form VI.) must be sent to the Central Office, showing the receipts and payments of each open day, and the payments to and receipts from the Treasury.

18. As soon as practicable after the close of each year, a Statement (Form VII.) must be sent to the Central Office showing the *state* of each depositor's account, *viz.*,—

Balance at the beginning of the year.
Deposits during the year.
Interest allowed.
Total withdrawals.
Balance at the close of the year.

19. Interest is to be credited to the depositor's account annually, as provided for in the specimen form of Ledger.

20. Attention must be paid to the method of calculating interest by means of the "interest account" in the Ledger.

21. In the column headed "Principal" must be entered against the month April the amount of the opening balance for the year, minus withdrawals during the month.

22. Against May the amount will be that for April, plus deposits, if any, made during April, minus withdrawals during May, and so on for subsequent months.

NOTE.—In the case, which will be of comparatively rare occurrence, of deposits made in one month being withdrawn in whole or in part in the same month, the entry in column "Principal" will be made as though so much less had been deposited.—See specimen entries in Form V. against January and February: Rs. 10 withdrawn in January is not deducted in the amount set against that month in column "Principal" a net amount deposited only is added in February.

23. The interest column will be filled up with the help of the Interest Table; the manner of doing this will be sufficiently apparent from the specimen form.

24. When accounts are closed in the course of the year, interest to the end of the preceding month is to be credited to the account, and paid to the depositor with the principal.

25. The fact of an account having been closed must be noted on the Withdrawal Sheet (Form IV.), and the Pass Book must be surrendered.

26. No charge on account of interest is to be made in the Collector's accounts, which will show only the amounts received from or paid to the Bank.

27. The personal attendance of depositors at the place appointed for the receipt of deposits, which place need not necessarily be at any public Office, is generally necessary.

28. Individuals or Committees may, however, with the approval of the Collector, act as agents for the collection of deposits. Where there is any such system of collection, the agent must send in depositors' Pass Books with the amount collected, and the Government will not acknowledge any responsibility for deposits until the same have been paid into the Bank and acknowledged by the Clerk and the Treasury Officer in the Pass Book, as already provided.

29. Collectors will apply to the Comptroller-General of Accounts, or the Accountant-General, Madras or Bombay, for the forms required for the Savings Bank, and for any further instructions which may be necessary.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

In order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation,* if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name,* if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation,* if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

A. M. Monteath,

Director-General of the Post-Office of India.

To

Dated Lahore, 16th May 1870.

THE Chief Court having experienced much inconvenience from the present imperfect arrangement for the supply of well-written copies of Judicial papers to applicants, I am desired to annex a few rules for the appointment and control of copyists, and for securing well-written copies.

These rules, the Judges think, will obviate most of the existing evils.

By order,
W. COLDSTREAM,
Officiating Registrar.

RULES.

COPYISTS, in the English and Vernacular Departments, shall be appointed by Commissioners and Deputy Commissioners for their respective offices, after testing the candidates' capability of writing fast and well; and only such number shall be appointed as may be absolutely required.

2. Each copyist will receive 9-10ths of the entire fee taken from the person demanding a copy; the remaining 1-10th shall be the remuneration of the Head Clerk of the English Office or Superintendent of the Vernacular Office, as the case may be, whose duty it will be to see that the copy tallies with the original, and is thoroughly well written.

3. In case of bad copying, the copyist shall prepare a fresh copy entirely at his own expense—stamps, &c., included.

4. Any Head Clerk, or Superintendent, or other person, improperly appropriating any portion of the copyists' fees shall be liable to immediate dismissal.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation,* if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name,* if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation,* if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Simla, the 7th June 1870.

No. 1035.—The Governor-General in Council is pleased to rule that when a Government Factory charges any department for work done, the charge should not be recovered in cash, but should be adjusted as follows :—

The supplying officer or department should submit, in triplicate, an invoice of the quantity and price of the work done to the officer supplied, who, on approving of the invoice, will countersign one copy, which he will return to the supplying officer. The latter, on the authority of that document, will take credit for the amount passed in it, and will inform the Accountant-General of the supplying officer that he has done so.

Of the other two copies of the invoice, the officer supplied will retain one in his own office, and the other he will submit to his Accountant-General for audit.

Officers intending to employ the Superintendent of Government Printing, or to procure supplies of any kind from a Government Factory, should make provision in their budget estimates precisely as if they intended to resort to the market.
